Report Summary

Subsection (h)(2) of section 15 of the Small Business Act (15 U.S.C. 644) requires SBA to submit to Committee on Small Business of the House of Representatives and the Committee on Small Business and Entrepreneurship of the Senate a report from each Federal Agency for each fiscal year as required by 15 U.S.C. 644 (h)(1). Agency reports are required to provide detail on the extent of small business participation in prime contracts awarded, whether the agency achieved the goals established for the agency by SBA, and any justifications for a failure to achieve such goals.¹ In addition to forwarding the agency reports, referred herein as Agency Corrective Action Reports, SBA is required to provide:

1. a determination of whether each goal established by the President under subsection 15 U.S.C. 644 (g)(1) for such fiscal year was achieved;
2. a determination of whether each goal established by the head of a Federal agency under subsection 15 U.S.C. 644 (g)(2) for such fiscal year was achieved;
3. the reasons for any failure to achieve a goal established under paragraph (1) or (2) of 15 U.S.C. 644 subsection (g) for such fiscal year and a description of actions planned by the applicable agency to address such failure, including the Administrator's comments and recommendations on the proposed remediation plan; and
4. for the Federal Government and each Federal agency, an analysis of the number and dollar amount of prime contracts awarded during such fiscal year to—
 - a. small business concerns—
 - i. in the aggregate;
 - ii. through sole source contracts;
 - iii. through competitions restricted to small business concerns;
 - iv. through unrestricted competition;
 - v. that were purchased by another entity after the initial contract was awarded and as a result of the purchase, would no longer be deemed to be small business concerns for purposes of the initial contract; and
 - vi. that were awarded using a procurement method that restricted competition to small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically

¹ With limited exceptions, agencies receive goaling credit for the life of a contract, including task orders, and options, for contracts awarded to eligible concerns. (13 CFR 121.404(g), 13 CFR 121.601(h)). The exemptions address long-term contracts and mergers and acquisitions. Certain contracting actions are excluded from the small business goaling base. Actions excluded from the goaling base include those excluded by statute, contracts funded predominately with agency generated sources (i.e., non-appropriated funds), acquisitions with a statutorily mandated source, such as Federal Prison Industries or Ability One, and acquisitions on behalf of foreign governments. For more information on SBA's regulations regarding concern's eligibility and recertification, or for a more detailed explanation of these exclusions please see [SBA's Goaling Guidelines](#).

A summary of the agency-specific goal achievement for FY 2019 is provided in Table 1, below.

Table 1. Agency Goal Achievements and Actions, FY 2019

Agency	Agency Head Goals Achieved	SBA Comments and Recommendations	Agency Actions to Address Failures
DHS	Prime contracts – YES Subcontracts - NO	All prime contract goals achieved. Failed to achieve the HUBZone subcontract goal for FY 2019.	DHS strategy: ensure current SBA subcontracting goals in all DHS solicitations that warrant subcontracting plans, make subcontracting plan evaluations part of the evaluation criteria when warranted, and increase number of prime contractors at Vendor Outreach Sessions (VOS) for HUBZone small businesses to showcase their companies attributes to DHS prime contractors.
DOC	Prime contracts – YES Subcontracts - NO	All prime contract goals achieved. Failed to achieve the SDVOSB subcontract goal for FY 2019.	OSDDBU Director and bureau small business specialists will continue to review solicitations and offerors’ subcontracting plans and provide technical assistance to contracting officers to help ensure subcontracting plans provide meaningful opportunities for small businesses. In FY 2020, DOC will continue to work diligently to strengthen our Small Business Program and create prime and subcontracting opportunities for small business concerns.
DOL	Prime Contracts – YES Subcontracts - YES	All prime contract goals achieved. All subcontract goals achieved.	DOL met all small business goals for FY 2019.
OPM	Prime Contracts – NO Subcontracts - NO	Failed to achieve the SDVOSB prime contract goal for FY 2019. Failed to achieve the SB and SDVOSB subcontract goals for FY 2019.	OPM’s strategy include participation in the Mid-Atlantic Acquisition Council (MAAC); continue to participate in small business counseling sessions sponsored by other agencies and trade associations; and other opportunities listed in the agency report.
NASA	Prime Contracts – NO Subcontracts - YES	Failed to achieve the WOSB, SDVOSB and HUBZone prime contract goals for FY 2019. All subcontract goals achieved.	NASA will continue its initiatives, working with NASA’s Space Technology Mission Directorate, and partnering with the local Chamber of Commerce and Procurement Technical Assistance Centers (PTACs) in regions where NASA does not have a presence to attract more small businesses. NASA will also continue to identify new initiatives that will help the Agency meet these goals.

EPA	<p>Prime Contracts – NO</p> <p>Subcontracts - YES</p>	<p>Failed to achieve the WOSB and HUBZone prime contract goals for FY 2019.</p> <p>All subcontract goals achieved.</p>	<p>OSDBU met with the EPA’s leadership Acquisition Management Council (AMC) to propose a realignment of its Small Business Specialists from individual Program and Regional offices to EPA’s top four categories of spend. The purpose of this realignment is to strengthen OSDBU expertise in small business solutions and efficiencies in meeting EPA’s contracting needs, particularly in support of small business and socioeconomic reach within the category management framework. This proposal was accepted and adopted in January 2020. In January 2020, OSDBU issued a joint memorandum with EPA’s Office of Acquisitions Solutions (OAS), providing best practices for expanding small business contracting opportunities. The memorandum was issued broadly to the EPA contracting and program community. In February 2020, EPA’s OSDBU and Office of Acquisitions Solutions (OAS) jointly issued a call memorandum initiating the FY 2020 Forecast process, emphasizing the importance of Offices to work with their respective Junior Resource Official (JRO) or Small Business Coordinator to ensure that their published Forecast is updated regularly to better afford small businesses – including WOSB and HUBZone firms – the opportunity to better prepare for upcoming procurements. In February 2020, OSDBU briefed senior EPA leadership on strategies for holding offices accountable for furthering a <i>small business first</i> culture at EPA. In addition, the EPA Associate Deputy Administrator issued an Agency-wide communication reiterating the Agency’s commitment to small business contracting.</p>

DOD	<p>Prime Contracts – NO</p> <p>Subcontracts - NO</p>	<p>Failed to achieve the WOSB, and HUBZone prime contract goals for FY 2019.</p> <p>Failed to achieve the SDB, SDVOSB, and HUBZone subcontract goals for FY 2019.</p>	<p>The Office of Industrial Policy’s Small Business Program, December 2019, submitted the DoD Small Business Strategy to Congress focusing on three strategic goals: creating and implementing a unified management structure across the Department’s small business workforce; aligning the Department’s small business activities with the National Defense Strategy (NDS), National Security Strategy, and Executive Order 13806; and strengthening DoD’s ability to support the warfighter and serve small businesses. The Strategy will assist the Department in assessing priorities across stakeholders, identifying opportunities for enhancement, and leveraging the significant efforts of other departments and agencies that also focus on supporting small businesses.</p>
VA	<p>Prime Contracts – NO</p> <p>Subcontracts - NO</p>	<p>Failed to achieve the WOSB and HUBZone prime contract goals for FY 2019.</p> <p>Failed to achieve all the subcontract goals for FY 2019.</p>	<p>VA’s efforts at encouraging dually eligible small businesses, both WVOBs and VOSB/HUBZone small businesses, are showing results. VA raised its achievement with WOSBs from 2.5 percent in FY 2018 to 3.2 percent in FY 2019 and came within 0.1 percent of meeting its HUBZone goal. VA also benefited from a statutory change intended to assist Puerto Rico with storm recovery by allowing double goal credit for awards to Puerto Rico small business (see section 15(f)(3) of the Small Business Act, 15 U.S.C. 644(f)(3)). VA has a strong presence in Puerto Rico, a territory that is largely made up of HUBZone areas, and awarded nearly \$85 million in prime contract awards with small businesses there in FY 2019. This helped VA increase its achievement with HUBZone small businesses by 0.1 percent, a significant dollar value on a total procurement base of more than \$27 billion.</p>

Agency	Agency Head Goals Achieved	SBA Comments and Recommendations	Agency Actions to Address Failures
USAID	Prime Contracts – NO Subcontracts - NO	Failed to achieve the SDVOSB and HUBZone prime contract goals for FY 2019. Failed to achieve the SDVOSB and HUBZone subcontract goals for FY 2019.	OSDBU outreach events are being developed to specifically target and educate HUBZone firms with the objective of addressing the shortfall. OSDBU is currently developing outreach events that will specifically target and educate SDVOSB firms; Acquisition personnel will be encouraged to utilize SDVOSB set asides when market research supports the procurement method. Agency taking significant steps to increase HUBZone and SDVOSB small business opportunities via outreach and internal education efforts. The Agency’s mission is challenging for many small business firms, especially when a firm may lack the experience and technical capacity to execute work in the overseas arena. USAID/OSDBU will continue to work to improve the shortfalls.

² DOE’s FY2019 prime contract achievements incorporate awards to first tier subcontracts that are awarded by Management and Operating (M & O) Contractors. Subcontract awards credited to prime contracts are not credited to subcontract achievement. “Section 318 of the Consolidated Appropriations Act of 2014 (“CAA”), (Public Law 113-76), states, “First tier subcontracts that are awarded by Management and Operating (M & O) Contractors sponsored by the Department of Energy to small business concerns, small business concerns owned and controlled by service disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women, shall be considered toward the annually established agency and government-wide goals for procurement contracts awarded.

EXECUTIVE SUMMARY

This report provides for the United States Senate Committee on Small Business and Entrepreneurship and the United States House of Representatives Committee on Small Business an analysis of the number and dollar amount of prime contracts awarded during Fiscal Year (FY) 2019 as required by 15-(h)-(2)-(e) of the Small Business Act. The chief purpose of this report is to provide Congress with data on the Executive Branch's compliance with legislatively mandated small business and socio-economic goals. This report makes available comprehensive statistics on the type and number of prime contracts awarded to small businesses under various socio-economic programs for the Federal Government and 24 Chief Financial Officer (CFO)-Act Agencies. The information in this report was derived from the FY2019 Small Business Goaling Report data set as of February 20, 2020. The FY2019 government-wide and agency prime contracting results were published in the FY2019 Small Business Goaling Report on August 12, 2020 and is located on the Federal Procurement Data System Next Generation (FPDS-NG) web site at:

https://www.fpds.gov/fpdsng_cms/index.php/en/.

The federal government awarded \$132.9 billion to small business contractors during FY2019, achieving a small business percentage of 26.5 percent of eligible federal procurement. This achievement represents the seventh consecutive year that the federal government meets the 23 percent statutory goal.

In FY19 , in accordance with the Small Business Act, SBA has provided agencies double credit in two instances; 1) local area set-asides to small businesses in disaster areas - See 15 USC § 644(f).; and 2) a prime contract awarded to a Puerto Rico Business – See 15 USC § 644(x)(1).

In addition, in FY 2019, pursuant to 15 USC 644(g)(3) SBA is counting subcontracts awarded by Department of Energy Management and Operating Contractors in the government goaling numbers. Since 2015 SBA has been considering these subcontracts towards DOE's prime contracting goals, they are not counted towards DOE's subcontracting goals.

The total number of \$132.90 billion includes the statutory requirement to double disaster local area set-aside awards, awards to Puerto Rican Businesses and the subcontracts awarded by Department of Energy Management and Operating Contractors. The \$130.4 billion awarded in small business prime contracts represents an incredible impact to the American economy that supports job creation, 677K jobs, innovation, and growth and that is the basis for calculating the number of jobs created, does not include the doubled amounts.

Fiscal Year 2019 Department of Homeland Security Corrective Action Report

1. The Department of Homeland Security (DHS), Office of Small and Disadvantaged Business Utilization (OSDBU), is pleased to submit the Fiscal Year (FY) 2019 Corrective Action Report in accordance with Section 15, Subsection (h) of the Small Business Act (15 U.S.C. 644). This annual report discusses the DHS OSDBU methodology of advocacy to the small business community and the results that have been realized.

a. Small Business Accomplishments

In Fiscal Year 2019 DHS recorded a total spend of \$18,233,084,761 in prime contracting dollars. Contracts were awarded to small businesses in the amount of \$6,739,758,695 for a 37.0% accomplishment. Please see Attachment (1), Final Small Business Accomplishments for Fiscal Year 2019, which lists all small business categories and results.

DHS accomplished an impressive 37.0% in small business prime contracting exceeding the negotiated DHS goal of 33.0%. The Small Disadvantaged Business (SDB) accomplishment is again strong at 17.7% and exceeds the government-wide goal of 5%. The Women-Owned Small Business (WOSB) accomplishment of 8.4% is the highest percentage achievement in this category in the history of DHS and exceeds the government-wide goal of 5.0%. The FY 2019 HUBZone accomplishment of 4.3% exceeds the government-wide goal of 3.0%, is the highest HUBZone achievement for the Department, and marks the 9th year in a row that DHS has exceeded the government-wide goal. DHS is extremely excited and proud of exceeding, for the 10th year in a row, its Service-Disabled Veteran-Owned Small Business (SDVOSB) goal of 3% with an accomplishment of 6.1% by awarding \$1,116,390,441 in prime SDVOSB dollars.

The DHS OSDBU continues to document procurement efforts on the DHS Small Business Review Form, 700-22, to ensure small business concerns are considered for inclusion in DHS acquisitions and that market research is conducted on all procurements at or expected to exceed the Simplified Acquisition Threshold (SAT). The DHS OSDBU believes that with a continued, leading edge small business program, and continued strong small business support from all levels of the DHS acquisition program, DHS will consistently record positive and proactive small business accomplishments.

DHS exceeded the subcontracting goals for traditional Small Business – 45.4%, SDB – 10.0%, SDVOSB – 4.4%, WOSB – 11.0%, and fell short with HUBZone – 2.1%. The DHS strategy for increasing the HUBZone subcontracting accomplishment include: ensuring current SBA subcontracting goals are in all DHS solicitations that warrant subcontracting plans, making subcontracting plan evaluations part of the evaluation criteria when it is warranted, and increasing the number of prime contractors at our Vendor Outreach Sessions (VOS) so that more HUBZone small businesses have the opportunity to showcase their companies

attributes to the DHS prime contractors. The DHS OSDBU feels confident the strategy discussed above, will bring the focus necessary to obtain the DHS HUBZone subcontracting goal.

b. Advocacy Methodology

The DHS OSDBU is very proud of its proactive advocacy to the small business community on how to market and do business with DHS. One of the OSDBU's highest priorities is to provide a variety of outreach activities and initiatives that provide information and access to DHS procurement opportunities as well as providing assistance and training to the small business community. Another priority area of the DHS OSDBU is information dissemination which is primarily accomplished through our website <https://www.dhs.gov/do-business-dhs> . This includes, but is not limited to, the Annual Procurement Forecast of Contract Opportunities, DHS Points of Contact which lists the DHS Small Business Specialists at each component, DHS Vendor Outreach Activities Schedule of Events, DHS Prime Contractor Listing for Subcontracting Opportunities, and the DHS Mentor-Protégé Program information which provides information, as well as the application for the agreement.

c. Small Business Review Process

The DHS OSDBU continues to document procurement efforts on the DHS Small Business Review Form 700-22, to ensure small business concerns are considered for inclusion in DHS acquisitions and that market research is conducted on all procurements at or expected to exceed the Simplified Acquisition Threshold (SAT). The DHS Small Business Review Form 700-22 is also utilized for Federal Supply Service (FSS) Blanket Purchase Agreements (BPA), task or delivery orders from Government-Wide Acquisition Contracts (GWACs) and other multiple award contracts valued at \$2,500,000 or more (see FAR 7.104(c) and 19.202-1 for bundling considerations) to avoid unnecessary contract bundling and to mitigate the effects on small businesses of necessary consolidation.

d. DHS Small Business Policy

The policy statement of the DHS small business program, states "the small business acquisition policy is a shared responsibility among all DHS employees involved in the acquisition process. Through a unified team approach involving senior management, small business personnel, acquisition personnel, and technical/program staff, we can support both our critical national mission and the important public policy objective of small business inclusion in our acquisition program."

DHS continues to formulate and build two key policy documents: The Homeland Security Acquisition Regulation (HSAR) and The Homeland Security Acquisition Manual (HSAM). The HSAR includes policy for contract reporting and the HSAM

incorporates policy on a multitude of procurement issues, as well as bundling review policy. The review and reporting process include requirements placed under Government-Wide Acquisition Contracts (GWACs) as well as the General Services Administration (GSA) Federal Supply Schedule (FSS) program. The DHS Small Business Review Form 700-22 is included in the HSAM to implement the bundling regulations published in the FAR. DHS includes in its HSAM the requirement to identify alternative strategies for proposed bundling, and includes a discussion of rationale for not selecting these strategies. This information is reviewed at the agency level at the recommended threshold of \$2,500,000 and is part of the small business review form.

e. Subcontracting

DHS includes in its HSAR a requirement that subcontracting plans be approved prior to award by the OSDBU or its designee in consultation with the Contracting Officer (CO) and the SBA Procurement Center Representative (PCR). The DHS OSDBU works closely with the SBA PCR and the cadre of SBA Commercial Marketing Representatives (CMR) to help strengthen small business subcontracting. A DHS OSDBU staff member is responsible for all subcontracting compliance issues including managing the DHS Prime Vendor List on the website, as well as Agency Coordinator for the electronic Subcontract Reporting System (eSRS). Further, the OSDBU Director, conducts an annual meeting of the DHS large business prime contractors to discuss subcontracting plans, compliance, and monitoring.

f. Mentor-Protégé

DHS developed a Mentor-Protégé Program (MPP), which is included in the HSAR, and has published the requirements for participation in the DHS MPP on the DHS OSDBU website. The comments received from industry are overwhelmingly favorable. The Mentor-Protégé program currently has 41 OSDBU approved agreements. The program will be used, in part, to mitigate the effects of necessary and justified bundling as well as to strengthen the DHS subcontracting program.

2. In summary, the small business procurement program is important to DHS. We will strive to meet or exceed our small business goals by continuing to make small business participation part of the DHS culture in support of our national mission. This dedication is shared by all DHS senior management and those involved in the small business procurement program.

Corrective Action Report

The Department of Commerce (DOC) is pleased to report that FY 2019 is the fourth consecutive year in which we achieved all prime contracting small business and socioeconomic small business goals. This achievement is the culmination of a deliberate and concerted effort led by DOC’s leadership to create new opportunities and broaden existing opportunities for small business concerns.

DOC’s leadership is also committed to increasing the utilization of small businesses as subcontractors. Over the most recent three-year reporting period, FY 2017 through FY 2019, DOC’s average subcontracting goal achievement is above statutory levels in all categories except service-disabled veteran-owned small business (SDVOSB).

Category	Statutory Goal	3-Year Average Achievement
Small Business	SBA-Assigned 30%	56.57%
SDB	5%	12.30%
WOSB	5%	11.73%
HUBZone	3%	2.93%
SDVOSB	3%	2.50%

DOC’s Small Business Utilization Plan is implemented in partnership with the Bureau Procurement Officials (BPOs) and includes strategies and practices to ensure maximum practicable prime and subcontracting opportunities for small business concerns in all categories. The OSDBU Director and bureau small business specialists will continue to review solicitations and offerors’ subcontracting plans and provide technical assistance to contracting officers to help ensure subcontracting plans provide meaningful opportunities for small businesses.

In FY 2020, DOC will continue to work diligently to strengthen our Small Business Program and create prime and subcontracting opportunities for small business concerns.

Fiscal Year 2019 Corrective Action Plan

Strategy to Implement Strengthening Opportunities in Federal Contracting for Service Disabled Veteran-Owned Businesses

The Office of Personnel Management's (OPM) FY 2019 small business achievements have positively reaffirmed our procurement reform efforts and has had an extreme impact in comparison to last two fiscal years. During FY19, OPM awarded 29.72% or \$289M, of its total dollar obligations to small businesses thus significantly exceeding in 4 of the 5 prime socio-economic categories: Small Disadvantage Business (13.37%) and Women-Owned Small Business (14.82%) significantly exceed for seven consecutive years and the HUBZone socioeconomic category (3.12%). However, OPM's overall small business percentage show improvement thus still low in SDVOSB socioeconomic category (2.18%); this is driven, and recognized by the SBA largely due to the agency's obligations in support of the National Background Investigation Bureau (NBIB) formally known as Federal Investigative Services (FIS) contract and SDVOSBs and not responding to Sources Sought Notices during the market research phase of procurements.

During FY19, NBIB's acquisitions mirrored FY18 at approximately 42% of the agency's total obligated dollars. The vast majority of these acquisitions are for pre-employment investigative background services (top secret, secret and special access) for OPM and various federal agencies.

OPM's NBIB Acquisition personnel in partnership with the OSDBU and in accordance with FAR Part 10.001(2)(v)/Market Research - continuously during FY19 to the maximum extent practicable conduct analyses of the market to determine the feasibility of utilizing small businesses which include Service Disabled Veteran (SDVOSB) as prime contractors. However, market research still determines that there were no SDVOSB small firms that could fulfill the technical requirements which required small firms to have current security clearances and to provide investigative services on a global level. OPM consulted with the SBA's PCR who concurred with the above findings.

During FY19, OPM OSDBU strategically engaged in numerous outreach conferences and events which targeted SDVOSB and HUBZone businesses for ex. 1.consecutive OPM Industry Days which targeted SDVOSB & HUBZone; 2. OPM's monthly OSDBU Roundtable Workshops for all small businesses and

strategically targeted industry days. Nonetheless, OPM was unsuccessful in satisfying the 3% goal for SDVOSB socio-economic categories.

At the start of fiscal year FY20, in coordination with the OSDBU, OPM's Office of Procurement (OPO) will reissue two contracting policy documents. First, a revised policy on the review and approval levels of contractual documents was issued in October 2015, which requires several levels of review and

ultimate approval on a number of contracting actions, including, but not limited to, solicitations, awards, acquisition plans, Determination and Findings, and Justifications for Other Than Full and Open Competition. The issuance of this policy allows for effective oversight of the procurement process, ensuring proper acquisition planning, market research and small business consideration. Second, a new policy implementing a Contract Review Board (CRB) which was issued in November 2015 has been revised which requires the formal commencement of a review board at specific stages of an acquisition to discuss acquisition strategies and award decisions for high dollar value and/or high risk/high visibility actions.

The CRB participants include various members of the OPO as well as Office of General Counsel and the Office of Small and Disadvantaged Business Utilization. The CRB ensures, for example, that the procurement team has a sound acquisition strategy and adequate market research, taking small business involvement into consideration. OPO plans to issue further policy and guidance documents in the near future on acquisition planning and market research, to further enhance the documentation generated and ensuring small business is adequately considered.

In accordance with the Section 15(h)(1) of the Small Business Act, OPM has re-identified robust FY19 strategies to enhance SDVOSB prime opportunities and to attain the annual statutory goal of three percent. OPM has identified the following:

1. OPO's Philadelphia field office is a member of the newly formed Mid Atlantic Acquisition Council (MAAC), which includes a Small Business subcommittee among others. OPO's membership on the MAAC council will provide opportunities to collaborate with other agencies in the mid-Atlantic region on a variety of efforts that will promote enhanced learning and business opportunities for the acquisition community and small businesses.

This will be the second consecutive year that OPM contracting has had the opportunity to leverage and collaborate efforts and initiatives with other agencies in a field location, to promote more positive outcomes in the area small business. These include but are not limited to:

- o Developing small business training in areas of common interest;
 - o Offering training to small businesses on the federal marketing and certification process;
 - o Coordinating educational programs and training opportunities offered with Veterans Affairs' OSDBU and;
 - o Providing/organizing seminars, webinars, meetings, mentoring, networking and career opportunities
2. OPM will continue to participate in small business counseling sessions sponsored by other agencies and trade associations that support increasing contracting opportunities for SDVOSB. This process will increase SDVOSB businesses awareness of prime and subcontracting opportunities with the OPM.

3. OPM will reissue guidance to its contracting officers and program management specialists on how to identify SDVOSB businesses capable of fulfilling OPM requirements while conducting market research, and when appropriate, set-aside requirements for HUBZone & SDVOSB businesses.
4. OPM will further work with its program offices to identify specific requirements to be set-aside for SDVOSB businesses.
5. OPM will promote SDVOSB businesses participation in its subcontracting program by continuing to make the subcontracting plan part of the evaluation criteria on major projects.
6. OPM will pay particular attention to HUBZone & SDVOSB businesses subcontracting goals included in prime contractor's proposed subcontracting plans to make certain that the plans comply with the 3 percent statutory goal. In addition, OPM's OSDDBU will identify prime contractors not meeting the HUBZone & SDVOSB subcontracting goal and issue letters requesting that they identify their corrective action plans and offering support by identifying potential HUBZone & SDVOSB subcontractors.
7. To increase outreach to SDVOSB businesses, OPM's OSDDBU will continue its membership with local SDVOSB Councils to broaden its outreach efforts for the benefit of SDVOSB businesses.
8. OSDDBU will request training support for contracting and program personnel from SBA's SDVOSB office.

OPM has continued to define a strategic and comprehensive strategy for the use of small business vendors, and continued to engage and execute a variety of initiatives designed to yield overarching near and long-term program improvements. The Agency's FY20 strategy is to continue with the refinement and focus on outreach, training, advocacy, and strategic partnering which have proven to be successful.

ENCLOSURE 5
National Aeronautics and Space Administration
(NASA)

During fiscal year (FY) 2019, NASA unable to meet the federally mandated prime socioeconomic goals in the Woman-Owned Small Business (WOSB), Service-Disabled Veteran-Owned Small Business (SDVOSB), and Historically Underutilized Business Zone (HUBZone) categories. In the area of sub-contracting, NASA did achieve all assigned socioeconomic goals. In FY 2020, NASA will continue its initiatives, working with NASA's Space Technology Mission Directorate, and partnering with the local Chamber of Commerces and Procurement Technical Assistance Centers (PTACs) in regions where NASA does not have a presence to attract more small businesses. NASA will also continue to identify new initiatives that will help the Agency meet these goals.

The following is a detailed report on what NASA has done and will do to meet these goals.

Women-Owned Small Business (WOSB) Goal

In FY 2014, NASA's awarded approximately \$450 million (3.3 percent) to WOSBs and increased engagement and recruitment of small businesses in this socioeconomic category. In FY 2019, NASA awarded more than \$847million (4.8 percent) to WOSBs. This is a 53.1 percent increase between FY 2014 and FY 2019, which documents NASA's actionable steps to achieve the 5 percent goal.

NASA Office of Small Business Programs (OSBP) attended and participated at multiple outreach events with large numbers of WOSBs in attendance. Such events included Minority Enterprise Development (MED) Week in Austin, Texas from October 15-19, 2018, the Innovation and Opportunity Conference in Aurora, Colorado from November 7-8, 2018, and the United States Women's Chamber of Commerce in Washington, D.C on March 28, 2019. NASA will continue to identify opportunities that could benefit WOSBs, as well as collaborate with organizations to locate WOSBs that can support NASA's various missions.

Service-Disabled Veteran-Owned Small Business (SDVOSB) Goal

In FY 2019, NASA's SDVOSB prime metric was 1.3 percent, which was NASA's highest percentage since 2011. Actual SDVOSB dollars increased for the fifth consecutive year. In FY 2019, prime dollars obligated increased by 36 percent in comparison to FY 2018 (\$238 million versus \$175 million).

The most proven tactic for increasing SDVOSB participation is to increase the number of SDVOSB set-asides. This is effective because these companies rarely win small business set-asides or full and open competitions at NASA. Additionally, NASA has increased the value of SDVOSBs set-asides when evaluating small business programs for the annual Administrator's Cup Award. Presented annually, this award highlights the Center (field office) with the best overall small business program for that specific fiscal year.

In order to increase SDVOSB participation, a NASA Small Business Specialist attended the 2019 Veteran Entrepreneur Training Symposium (VETS) in San Antonio, Texas. A representative of the NASA Office of Small Business Programs also attended the Elite SDVOB National Conference in New York, New York. In FY 2020, NASA is scheduled to attend these same events to continue engaging SDVOSB vendors. Additionally, NASA continues to evolve its outreach program to target industry segments that better match NASA's mission. It is NASA's experience that outreach events driven solely by an socioeconomic category (such as WOSB, HUBZone, 8(a), or SDVOSB) feature over-representation by the IT, training, and administrative service industries. Such events generally lack significant participation by firms in the engineering, manufacturing, and research and development industries, which represent the bulk of NASA's opportunities. This appears to be especially true in for events held in the Washington, D.C. metropolitan area.

In FY 2019, five of NASA's 10 Centers exceeded the three percent statutory goal despite the the Agency not achieving the three percent goal.

In FY 2017, Stennis Space Center awarded four regional construction contracts under a SDVOSB set-aside, as part of its overall Multiple-Award Construction Contract covering four southern NASA Centers and two sub-installations. This should lead to increased opportunities for SDVOSB dollars across the next three to four years. In FY 2019, Armstrong Flight Research Center awarded similar contracts for NASA's west coast locations. This includes two contracts awarded using SDVOSB set-aside procedures.

Finally, we note that NASA met the three percent SDVOSB subcontracting goal in FY 2019.

Historically Underutilized Business Zone (HUBZone) Goal

NASA participated in the National HUBZone Council's 2019 National HUBZone Conference held in Chantilly, Virginia on September 4-5, 2019. More than 300 small business professionals, prime contractor representatives, and government officials registered for the two-day educational and networking conference. NASA had a high number of HUBZone firms participate in the matchmaking session.

On September 18, 2019, the NASA Office of Small Business Programs participated in the 2019 "HUBZone Innovation & Technology Showcase (HITS)" in Huntsville, Alabama. There were approximately 125 attendees, 28 HUBZone exhibitors, as well as the Small Business Administration Area III Director & Deputy Director in attendance.

On May 7, 2019, NASA OSBP hosted a HUBZone Showcase at Kennedy Space Center. The event allowed NASA technical and procurement staff to meet with HUBZone firms. There were approximately 30 HUBZone firms in attendees.

Additionally, from May 20 – 25, 2019, the OSBP partnered with the University of Hawaii at Mānoa to host the 2019 Federal Small Business Summit. The event had 160 attendees, including many HUBZone concerns.

Based on all the actions stated throughout this report, NASA is looking forward to working towards its goals in FY 2020.

The Office of Small and Disadvantaged Business Utilization (OSDBU) of the U.S. Environmental Protection Agency (EPA) is pleased to submit this Fiscal Year (FY) 2019 Corrective Actions Report. This Report is provided in accordance with the reporting requirements under Section 15(h) of the Small Business Act, 15 U.S.C. § 644(h), and the related instructions of the U.S. Small Business Administration (SBA) for each agency to provide a short narrative explaining why its FY 2019 goals were not met.

As reflected in the table below, EPA failed to meet the Women-Owned Small Business (WOSB) and Historically Underutilized Business Zone (HUBZone) prime contracting goals and the HUBZone subcontracting goal. Notably, EPA exceeded the goals for the remaining small business categories.

EPA FY 2019 GOAL ACHIEVEMENTS *

*Based on SBA FY19 Small Business Performance Report as of 2020/01/27

In carrying out the OSDBU functions under Section 15(k) of the Small Business Act, EPA has provided effective outreach to the small business and EPA contracting community. Specifically, OSDBU worked in partnership with EPA procurement and program officials to review and provide expert recommendations on structuring the Agency's acquisitions to maximize small business prime and subcontracting opportunities. OSDBU also played an active role in assisting in effective market research and in identifying responsible small business concerns capable of performing the Agency's requirements. In addition, OSDBU continues to issue new guidance on maximizing acquisition opportunities for small and socioeconomic businesses, and further provided formal agency-wide training on the governing small business contracting legal requirements, policies and procedures.

In working directly with small businesses, OSDBU also participated in and hosted a variety of government-wide small business conferences, seminars and outreach events. Many of the OSDBU-hosted events targeted various categories of small businesses and proved effective in helping to increase the EPA's small business goals achievements. OSDBU also encourages EPA program offices to participate in the SBA 1st Wednesday's Virtual Learning Series.

In FY 2019, EPA missed the WOSB and HUBZone prime contracting goal by .04% and 1.24% respectively, and our HUBZone subcontracting goal by .03%. However, the HUBZone Subcontracting achievement has increased since FY 2018 by 1.6%. The decline in the WOSB and HUBZone socioeconomic prime achievements, coupled with the increase in achievements at the subcontracting level can be attributed in part to category management and the focus on increased small business subcontracting, as the Agency has moved smaller localized buys to managed spend categories pursuant to the federal priority for Spend Under Management (SUM). In remediating these failures EPA is implementing the following strategies to increase the percentage of contracts awarded to WOSB and HUBZone firms.

Strategies to Increase the Percentage of Contracts awarded to both WOSB & HUBZone firms:

- In November 2019, OSDBU met with the EPA's leadership Acquisition Management Council (AMC) to propose a realignment of its Small Business Specialists from individual Program and Regional offices to EPA's top four categories of spend. The purpose of this realignment is to strengthen OSDBU expertise in small business solutions and efficiencies in meeting EPA's contracting needs, particularly in support of small business and socioeconomic reach within the category management framework. This proposal was accepted and adopted in January 2020.
- In January 2020, OSDBU issued a joint memorandum with EPA's Office of Acquisitions Solutions (OAS), providing best practices for expanding small business contracting opportunities. The memorandum was issued broadly to the EPA contracting and program community.
- In February 2020, EPA's OSDBU and Office of Acquisitions Solutions (OAS) jointly issued a call memorandum initiating the FY 2020 Forecast process, emphasizing the importance of Offices to work with their respective Junior Resource Official (JRO) or Small Business Coordinator to ensure that their published Forecast is updated regularly to better afford small businesses – including WOSB and HUBZone firms – the opportunity to better prepare for upcoming procurements.
- In February 2020, OSDBU briefed senior EPA leadership on strategies for holding offices accountable for furthering a *small business first* culture at EPA. In addition, the EPA Associate Deputy Administrator issued an Agency-wide communication reiterating the Agency's commitment to small business contracting.
- In May 2020, EPA will hold a Small Business Summit with both Headquarters and Regional stakeholders to strategize efforts towards better communicating and partnering to carry out the responsibilities under Section 15(k) of the Small Business Act.
- EPA is currently slated to attend the 30th Anniversary Government Procurement Conference (GPC). The GPC is a national conference fostering business partnership between the Federal Government, its prime contractors, and small, minority, service-disabled veteran-owned, veteran-owned, HUBZone, and women-owned businesses. Now in its 30th year, the GPC has become the premier event for small businesses throughout the United States.

Strategies to Increase the Percentage of Contracts awarded specifically to WOSB firms:

- On March 5, 2020 EPA supported the U.S. Women's Chamber of Commerce Conference by presenting EPA procurement opportunities, and by participating in matchmaking. There were over 200 WOSB firms present at this event.
- EPA planned a WOSB event that featured an all executive female panel, resource tables representing multiple buying offices around the Agency, and Keynotes from the Executive Director of the U.S. Women's Chamber of Commerce and highly successful small business firms currently working with the Agency. However due to increased health concerns around the country, EPA cancelled this event and provided the over 200 firms registered with information on how to do business with the Agency and detailed instructions of how to locate small business and socioeconomic set-asides on the Agency's forecast database system.

Strategies to Increase the Percentage of Contracts (Prime and Sub) awarded specifically to HUBZone firms:

- In December 2019, OSDBU published an Abstract of New HUBZone Regulatory Amendments in our HUBZone Contracting Toolkit to underscore overhauls to the regulations governing the HUBZone Program. OSDBU highlighted that the amendments are intended to make the program more efficient and effective for small businesses, procuring agencies and communities by (1) expanding the HUBZone geographic footprint; (2) relaxing restrictive eligibility requirements; and (3) accelerating the application and recertification processes.
- As part of the joint memorandum issued in January 2020, OSDBU and OAS prioritized the consideration of HUBZone Awards within each EPA Program Office and Region.
- In September 2020, OSDBU will support the 2020 National HUBZone Conference event. The National HUBZone Conference is the largest HUBZone event of the year attracting hundreds of accomplished HUBZone small businesses from across the nation. This two-day networking and educational summit consist of Government & Industry match making with nearly 100 different agencies & prime contractors, training and educational seminars from top industry professionals, panel discussion, keynote speakers and much more.
- During FY 2020, OSDBU will continue to meet with the Agency's JRO's, who represent all 13 EPA program offices. The meetings will include, but not be limited to, discussions on improving HUBZone goal achievements.

Department of Health and Human Services FY 2019 Corrective Actions Report

The Department of Health and Human Services (HHS) supports all small businesses and is committed to meeting its mission through the utilization of small businesses to the maximum extent practicable.

In Fiscal Year 2019, HHS met both its prime and subcontracting goals for the first time in five years. This is a result of increased and deliberate partnership between the HHS Operating- and Staff-Divisions and the OSDBU.

HHS has made great strides in improving performance in the Service Disabled Veteran Owned and HUBZone Small Business categories, oftentimes the most challenging areas to achieve. In FY19, HHS improved its achievement in the SDVOSB category from 1.97% in FY18 to 2.76% in FY19. Similarly, improvement was made in the HUBZone category from 0.95% in FY19 to 1.49% in FY19.

In FY2020, HHS plans to implement, at a minimum, the following corrective actions to increase awards to SDVOSBs and HUBZones:

- a. Focused outreach to acquisition workforce on how to utilize the HUBZone program to meet procurement requirements
- b. Dedicate a section on the front of the OSDBU website spotlighting HUBZone companies
- c. Post awards HHS makes to HUBZones on the OSDBU website
- d. Conduct virtual events focused on presentations from HUBZone small businesses
- e. Host SDVOSB and HUBZone Round Tables to develop strategies on increasing SDVOSB/HUBZone participation in HHS contracts.
- f. Promote the use of HUBZone and Service Disabled Veteran Owned Small Businesses on Best In Class vehicles

ENCLOSURE 8
National Regulatory Commission
(NRC)

**U.S. Nuclear Regulatory Commission
Fiscal Year 2019
Corrective Actions Report**

In fiscal year (FY) 2019, the U.S. Nuclear Regulatory Commission (NRC) exceeded all five of its small business prime¹ contracting goals and one out of five of its subcontracting² goals (see Enclosure 1). Therefore, this report will only discuss planned actions to improve subcontract goal performance for the four categories the agency fell short in achieving: small, small disadvantaged, service-disabled veterans, and businesses located in Historically Underutilized Business Zones (HUBZones).

Actions to Achieve Small Business, Small Disadvantaged, Service-Disabled Veteran, and HUBZone Subcontracting Goals

1. Receive Subcontracting Credit for GSA Federal Supply Schedule Orders

The NRC's Small Business Program initiated discussions with its contracting division to take the necessary steps to receive small business subcontracting credit for the agency's General Services Administration (GSA) Federal Supply Schedule (FSS) orders in accordance with revisions to the Federal Acquisition Regulation (FAR) that allows subcontracting credit to flow directly to ordering agencies. The Small Business Program is working with contracting officers to identify applicable GSA FSS orders where FAR clause 52.219-9(d)(10)(iii) can be incorporated via a modification to require GSA FSS prime contractors to submit annual subcontracting reports to the Electronic Subcontracting Reporting System. The impact is perceived to be significant as the agency's largest dollar value acquisition, a multiple award GSA FSS acquisition with a ceiling totaling \$679 million, requires its large business prime contractors to subcontract at least 40 percent of the total value of its awarded orders to small businesses and achieve all four of the subcategory goals.

2. Increase the Use of the Agency's Small Business Subcontracting Plan Evaluation Factor

The Small Business Program intends to increase both the use and enforcement of small business subcontracting goals. The Small Business Program created a small business subcontracting plan evaluation factor that incentivizes the use of small businesses as subcontractors under a pass/fail scored factor that is considered in source evaluation and selection. Once contract award is made, the proposed subcontracting goals become a material part of the contract and are required throughout contract performance. Moreover, prime contractors are advised that subcontracting plan performance and compliance is a factor contracting officers assess when performing and documenting official contractor past performance reporting.

¹ The agency more than quadrupled its small disadvantaged business and HUBZone goals, tripled the goal for service-disabled veterans, and nearly tripled the women-owned small business goal.

² It should be noted that subcontracting performance does not include all of the available subcontracting credit under the agency's Federal Supply Schedule acquisitions, which is included as an action item for FY 2020.

To ensure that subcontracting plans maximize the use of this factor, the Small Business Program will continue to review small business subcontracting plans through formal small business subcontracting plan reviews. The Small Business Program also plans to collaborate with the agency's acquisition staff to identify projects that have historically provided the greatest amount of subcontract opportunities for small businesses to begin increasing the target goals, where possible. In addition, the Small Business Program plans to bolster enforcement of small business subcontracting goal achievement through tracking and monitoring measures. The Small Business Program will conduct annual audits of prime contractor performance and begin recording achievement of prime contractors in a tracking and monitor system under development.

3. Continue to Facilitate Prime Contractors' Good Faith Efforts to Increase Subcontracting Through Various Outreach Efforts

The Small Business Program actively assists agency prime contractors identify small business subcontractors through counseling sessions with potential subcontractors and outreach events located across the country. The NRC Small Business Program developed a web-based Small Business Toolbox, which includes a feature that connects small businesses with the agency's top prime contractors to explore subcontracting opportunities. This feature includes access to a publicly available copy of the agency's scope of work or list of requirements for various commodity categories of work (e.g., information technology, cybersecurity, and technical assistance/engineering), thereby establishing a mechanism for potential subcontractors to identify an area or task where their capabilities align with agency requirements in a supporting role.

The small business counseling sessions provided by Small Business Program staff include an analysis of available subcontract opportunities using the Small Business Toolbox to identify opportunities that match the capabilities and experience of the small business. Once a small business has completed its evaluation of subcontract opportunities at the agency, the toolbox feature also provides a point-of-contact for the top³ prime contract opportunities, which facilitates the introduction of capable and pre-vetted companies to prime contractors for consideration in a supporting role. The Small Business Program plans to expand and increase the number of top agency prime contracts that are included on the list through enhancements and updates to the Small Business Toolbox.

The NRC Small Business Program participates in many outreach events to expand its innovative and competitive supplier base and increase awareness of agency opportunities. Outreach activities included participation in events sponsored by Congress; Federal, State, and local Governments; and business organizations located across the country. Such conferences are hosted by organizations focused on

³ Top agency prime contracts are determined by inclusion of the incentivized small business subcontracting plan evaluation factor and the total amount of contract dollars available for service and supply subcontracting to small business.

increasing prime and subcontract opportunities with small businesses; companies located in a HUBZone; and businesses owned by women, the disadvantaged, and service-disabled veterans. The Small Business Program plans to continue its conference participation through speaking, conducting matchmaking sessions, and exhibiting to identify companies that have the capability and interest in supporting agency prime contractors. The Small Business Program also plans on informing prime contractors of upcoming outreach events using Small Business Toolbox's Calendar of Events resource, which is frequently updated, and through email communication with agency prime contractors.

Attachment 1, NSF Corrective Action Report for FY 2019

National Science Foundation (NSF) Report on Corrective Actions to Address Unmet FY 2019 Goals

May 7, 2020

The following information is provided in accordance with Section 15(h) of the Small Business Act to address unmet FY2019 Goals:

In FY 2019, NSF did not achieve several of its socio-economic prime contracting assigned goals of 5% for Women Owned Small Business (WOSB), 3% for Service-Disabled Veterans Small Business (SDVOSB), and 3% for Historically Underutilized Business Zones (HUBZones). NSF achieved 3.72% for WOSB in FY 2019, a 0.95% increase compared to FY 2018. NSF achieved 2.19% for SDVOSB in FY2019, equal to FY 2018. NSF achieved 1.81% for HubZone in FY 2019, a .06% increase compared to FY 2018.

Additionally, NSF did not achieve its FY 2019 overall 38.84% subcontracting goal. NSF awarded 24.70% to its total small business subcontracting dollars, 4.30% WOSB, and .40% HubZone. However, NSF achieved its SDB and SDVOSB goals. 12.90% of subcontracting dollars was awarded to SDBs, and 3.80% was awarded to SDVOBs.

Since 2016, the inclusion of overseas contracts in small business eligible dollars has caused a challenge for NSF and its ability to recover and achieve all its small business contracting goals. This is primarily due in part to the fact that two of NSF's larger contracts, Arctic and Antarctic Support, are performed overseas by a large business. These contracts account for approximately 50% of NSF's annual spending obligations. Due to the size, complexity, and the fact that this work is performed in Antarctica, there are no small businesses capable of viably performing this work. In turn, offering a challenge to the agency in its goal achievements for both prime and subcontracting awards.

However, NSF continues to strive to overcome its deficiencies in achieving its small business prime contracting and subcontracting goals. As reflected in NSF's total small business achievements, NSF not only achieved but exceeded its total small business goal. NSF's FY19 Small Business goal was set at 13.50%. However, NSF awarded 15.23% of its spent budget to small businesses. This was a 3.98% increase from FY 2018. Also, NSF exceeded its Small Disadvantaged Business (SDB) goal. NSF achieved 7.09% for SDB in FY 2019. This was an increase of .37% in comparison to FY 2018.

In working to meet NSF's subcontracting goals, NSF's challenge is seeking out small businesses that have established relationships with the larger prime vendors that are needed to support NSF's mission. Therefore, NSF will look to add language in the sources sought and unrestricted solicitations, encouraging small business participation goals.

NSF continues to revisit its proven best practices and seeks to implement more effective new and innovative ways to achieve the agency's small business and socio-economic goals. The following has been conducted or is planned in FY 2020 to achieve the assigned Prime socio-economic goals and subcontracting goals:

- a. NSF plans to continue its proven best practice Small Business Improvement Initiative. This initiative is an effort involving the contracting branch together with the program offices senior staff, and the small business office staff officials to combine forecasting, management planning, tracking, and training to improve NSF goal performance. This initiative targets upcoming acquisitions for small business set aside or a social economic category set aside. Acquisition Management and Program Management work together to ascertain if market research can result in a set aside. As a result of this effort, NSF finds that this more focused

approach is resulting in greater achievements and heightening the level of awareness on the small business programs.

- b. Members of the acquisition team consisting of the Senior Procurement Executive, Contracts Branch Chief, Deputy Contracts Branch Chief, and policy team members that make up part of the NSF Small Business Improvement Initiative meets annually and will continue to meet to review acquisition forecast material consisting of upcoming re-competed acquisitions to focus on converting non-small business prime contracts to small business with an emphasis on increasing our socio-economic obligations.
- c. NSF has implemented a monthly strategy meeting to review and discuss acquisition forecasted requirements. Goaling metrics are reviewed and discussed at each meeting. NSF finds that monthly review of metrics results in greater achievement. Included in these meetings, along with the OSDBU staff, are the senior executives in the contacts branch office. This includes the Deputy Director of Contracts and the Contracts Branch Chiefs.
- d. NSF will attend multiple outreach and matchmaking events in FY 2020 where the NSF OSDBU and other representatives will provide one-on-one guidance and resources to small business vendors. NSF will work more closely with the organizers of the outreach events to participate in roundtable and panel discussions to promote the NSF's eagerness to work with firms that are socio-economic disadvantaged.
- e. NSF will host vender outreach events at the NSF facility and invite small businesses to come in and meet with NSF program offices and NSF's current large prime contractors. Additionally, at these outreach events, the small business office will challenge its program offices to bring current requirements that need to become operational.
- f. Advanced planning will be continued such as the NSF Advance Acquisition Plan (AAP), which includes a listing of upcoming NSF competitions. The completed AAP for FY 2019 has been placed on the NSF public website to allow the small business community to review in order for them time to plan and prepare for any applicable prime or subcontracting opportunities listed for the NSF competitive acquisitions. The NSF AAP is updated as needed throughout the year.

NSF is committed to continue with the following steps to push for success in its goal achievements:

- NSF OSDBU will continue to actively engage with our internal customers and explain the benefits of working with the Small Business community,
- Strengthen our market research activities to ensure that we are complying with the rule of two, and
- Increase efforts to encourage small businesses to compete even when a released RFQ or RFP is unrestricted.

Fiscal Year 2019 Corrective Action Report

Submitted to:

The U.S. Small Business Administration

Introduction

In accordance with Subsection (h) of section 15 of the Small Business Act (15 U.S.C. 644), Reporting On Goals For Procurement Contracts Awarded To Small Business Concerns, the U.S. Department of Energy (DOE) is providing the U.S. Small Business Administration (SBA) with the following Fiscal Year (FY) 2019 Corrective Action Report.

The DOE was successful in exceeding its FY 2019 small business statutory prime goal by 152%. See Table 1 below. This achievement translated to \$4.95B of small business prime awards. In addition, the Agency FY 2019 small business achievements included the surpassing of another goaling milestone, exceeding its FY 2019 Small Disadvantaged Business (SDB) goal by 114%, or \$1.6B. And, it is important to note that the DOE also made \$2.4B of subcontracting awards to small businesses, which exceeded the Agency’s statutory subcontracting goal by 122%. The DOE also obligated over \$400M to small businesses in FY 2019, through grants and other procurement actions that are currently not included in the calculation of the Agency’s small business goal achievements. Even with these historic overall small business and SDB achievements, the Agency is fully committed to a number of corrective actions addressing current shortfalls in meeting its FY 2019 statutory socio-economic goals for Woman-Owned Small Business (WOSB), Service-Disabled Veteran-Owned Small Business (SDVOSB), and Historically Underutilized Business Zones (HUBZone) categories.

FY 2019	DOE Prime Goal with MOSRC	Prime Contracting % Achievement without MOSRC Data	Prime Contracting % Achievement with MOSRC Data	DOE Subcontracting Goals	Subcontracting % Achievement with MOSRC Data
Small Business	11.65%	5.54%	17.70%	45%	54.82%
SDB	5%	2.78%	5.70%	5%	9.51%
WOSB	5%	1.08%	3.64%	5%	11.88%
SDVOSB	3%	0.80%	1.61%	3%	5.28%
HUBZone	3%	0.19%	1.05%	3%	3.25%

Table 1: Prime and subcontracting achievements were based on Federal Procurement Data System-Next Generation (FPDS-NG), Management and Operating Subcontract Reporting Capability (MOSRC), and Electronic Subcontract Reporting System (eSRS) data, extracted on February 3, 2020.

Justification for Failure to Achieve Goals

Two major factors contributed to the DOE achieving only two of its five FY 2019 small business goals. The first relates to the inherent nature of the Agency’s mission, which is to ensure America’s security and prosperity by addressing its energy, environmental, and nuclear challenges through transformative science and technology solutions. The second factor is that the majority of the DOE’s contract dollars are expended through a relatively small number of large Management and Operating (M&O) contracts (including Federally Funded Research and Development Centers), as well as large site and facility environmental cleanup contracts. The

DOE's missions include safety and security requirements that are specific to each of its sites of operation; these are of a high level of technical difficulty, and constitute most of the Agency's largest dollar-value contract actions.

Corrective Actions

The Agency has undertaken numerous corrective actions and initiatives to support meeting all of its SBA small business goals for FY 2020 and beyond. The DOE OSDBU Strategic Plan for FY 2018-2021 specifically addresses three targeted objectives to help the Agency maximize small business selection to fulfill its breadth of requirements:

- Make it easier for small businesses to do business with the DOE
- Forge more productive relationships with internal small business stakeholders
- Achieve the socio-economic goals set by the SBA

To improve the DOE's contracting performance in the SBA's small business socio-economic categories, the DOE OSDBU FY 2020 initiatives include:

1. Establishing a DOE Headquarters Acquisition Forecast Improvement Working Group (FIWG), designed to improve data quality, and timeliness; streamlining the collection and production of information, and to populate the DOE Headquarters Acquisition Forecast with upcoming requirements from all parts of the Agency.
2. Refining the DOE OSDBU's customer-service procedures with targeted automation of the customer-care data base which logs in stakeholder inquiries and tracks Agency responses, streamlining data collection and coordination of communications with both small businesses new to the Agency, and assist small businesses seeking to expand their current DOE support.
3. Hiring a full-time data analyst for focused support of the DOE OSDBU's data and reporting requirements.
4. Updating the DOE Mentor-Protégé Program to expedite the review and approval process and to expand the use of the program among the Nation's small business stakeholders.
5. Expanding collaboration with the DOE's Office of Acquisition Management to maximize support of small businesses in all business areas, including shaping Agency policy to ensure new Category Management initiatives are positioned to both safeguard existing small business awards and to the maximum extent practicable grant preference to small businesses for strategic new procurements.

The DOE OSDBU will continue hosting and actively participating in small business outreach events in FY 2020 and beyond, implementing innovative initiatives to further advance its socio-economic goals and other small business initiatives of the Agency. We look forward to the positive impact these concerted actions will have on our Agency's small business goals and our success in supporting maximum practicable small business utilization to accomplish the DOE's missions.

General Services Administration
(GSA)

**General Services Administration (GSA)
Fiscal Year (FY) 2019
Corrective Actions Report**

While GSA met the prime small business goal and prime socio-economic category goals in FY 2019, GSA did not meet small business subcontracting goals for FY 2019. GSA's final goal achievements for small business (SB), small disadvantaged business (SDB), women-owned small business (WOSB), service-disabled veteran-owned small business (SDVOSB) and Historically Underutilized Business Zone small business (HUBZone) subcontractors per the accepted Summary Subcontract Reports (SSRs) in the Electronic Subcontracting Reporting System (eSRS) as of close of business March 13, 2020 is as follows:

Category	Goal	Achievement
SB	25.5%	22.04%
SDB	5%	3.97%
WOSB	5%	4.45%
SDVOSB	3%	1.60%
HUBZone	3%	0.66%

GSA followed all of the actions outlined in the remediation plan listed in our FY 2018 Corrective Actions Report. Although GSA did not meet its small business subcontracting goals, actual dollars to SDVOSB continued to rise in FY 2019. Increases are noted for WOSB with approximately \$200 million more going to WOSB in FY 2019 than in FY 2018:

	FY 2019	FY 2018	FY 2017
SDVOSB	\$921,890,350	\$727,933,055	\$570,091,890
WOSB	\$2,558,014,068	\$2,358,218,882	\$3,656,343,417

Analysis of the FY 2019 SSR data reveals commercial subcontracting dollars continue to drive GSA's inability to meet its small business subcontracting goals. While commercial subcontracting reports account for less than a third of the total accepted SSRs, the total commercial plan dollars account for 53.9% of all subcontracted dollars. Analysis of the small business achievement data under FY 2019 commercial plan SSRs indicates only a 15.9% small business achievement, a drop from the 17.8% achievement in FY 2018. Under individual plan SSRs, GSA achieved 29.3%.

GSA's Public Building Service (PBS) notes they continue to be challenged by the budget approval and funding process from the Office of Management and Budget.

Delays in the process hinder GSA's ability to properly plan for prospectus construction projects which ultimately involve substantial subcontracting opportunities for small businesses. This rushed timeline does not afford the potential prime contractors, the potential small business subcontractors, and the GSA Contracting Officers (COs) adequate time to fully prepare and negotiate quality plans. The OMB budget delays untimely, and negatively, impacts small business opportunities.

Actions taken in FY 2019

- 1. Leadership commitment.** Leadership commitment to small business subcontracting was strong in FY 2019, characterized by each GSA Service, the Federal Acquisition Service (FAS) and PBS, taking ownership of subcontracting:
 - a.** GSA's Office of Small Business Utilization (OSBU) launched its Certified Subcontracting Matrix (CSM) in 2019 as a tool to negotiate small business subcontracting plans. GSA's Small Business Technical Advisors used this tool in FY 2019 to provide COs with small business subcontracting data based on industry. The CSM relies on the actual data reported by NAICS code in the eSRS reports.
 - b.** Each Service took the lead in identifying the SSRs required, and follow-up with COs to ensure reports were submitted as required. PBS' Office of Acquisition Management runs reports at least a month prior to the reporting period and sends to the regions in order to prepare for the reporting process. Messaging to the workforce was repeated by OSBU and Service leadership at agency meetings and regularly championed by FAS and PBS in their respective meetings with heads of contracting activities and the acquisition workforce. Additionally, both PBS and FAS at the national level initiated reminder emails to contractors reminding them of their responsibility to submit reports in eSRS. While these efforts did not result in an increase in the small business dollars reported, the efforts ensured the data reported in the SSRs was more accurate than in years past.
 - c.** GSA notes that the Agency's Strategic Plan from 2018 through 2022 requires GSA to enhance customer agency access to qualified socio-economic entities. GSA's FAS and OSBU have the lead for this implementation. The FAS and OSBU partnership translates into subcontracting achievement as funding agencies who use GSA contract vehicles will receive credit for small business subcontracting.

- 2. SSR submission.** Overall, GSA had a SSR submission rate exceeding 94% in FY 2019. GSA's FAS is responsible for over 90% of the SSRs. As mentioned above, both FAS and PBS sent automatic emails to contractors reminding them to submit required eSRS reports. SSR submissions by FAS and PBS contractors

were monitored by their respective leadership in 2019. FAS also corrected Federal Procurement Data System-Next Generation (FPDS-NG) errors in its contract writing system, which resulted in reducing the number of paper SF 295s submitted in lieu of SSRs.

3. Data analytics.

- a. FAS continued to use data in driving SSR submission. In FY 2019, FAS expanded their data analysis by comparing data for task/delivery order awards recorded in FPDS-NG against eSRS to see if there was a corresponding SSR submission by the company. Follow-up with the CO often revealed the SSR was filed by a parent company as contractors are allowed to do by the FAR.
 - b. Although the subcontracting dollars submitted by AbilityOne workshops are minimal to overall agency goal achievement, the number of subcontracting plan reports submitted by these workshops continue to be a struggle for the PBS' COs. While GSA OSBU continues to meet with AbilityOne corporate and PBS officials annually, the challenge still remains at the workshop level both before award, and obtaining required reports after award. This suggests more dialogue is needed in FY 2020.
- 4. Industry training.** At the request of FAS in FY 2019, GSA OSBU continued commercial subcontracting training to the automotive industry partners with commercial subcontracting plans to ensure opportunities are maximized for small business under their GSA contracts and to ensure timely and accurate SSR reporting in eSRS. No issues were found in commercial plan SSRs submitted in the FAS Automotive Portfolio.

- 5. Acquisition workforce training.** In addition to the training mentioned above, OSBU conducted the following training sessions in FY 2019:
- a. OSBU Subcontracting Program Manager presented eSRS reporting as part of the annual FAS Virtual Acquisition Day.
 - b. Targeted training to specific GSA contracting activities arranged as a result of findings from OSBU's annual small business compliance reviews.
 - c. eSRS Report training continued in FY 2019, offering multiple sessions of each of the following listed below. The expectation behind separating eSRS training into two modules was to reduce the confusion surrounding the differences between the two types of plans in eSRS reporting, to increase the number of reports submitted, and to improve data accuracy:
 - i. eSRS-Individual Subcontracting Plans – Held each spring for ISR submissions and each fall for both ISR and individual plan SSR submissions

- ii. eSRS- Commercial Subcontracting Plans – Held each fall for commercial plan SSR submissions

Remediation plan for FY 2020

In addition to the initiatives reported in years past and the ongoing leadership commitment across GSA, OSBU's planned actions for FY 2020 are as follows:

1. Organize a think tank with the GSA Services (FAS and PBS) in developing a lessons learned from the eSRS efforts in FY 2019. OSBU expects the group will establish milestones for eSRS actions beginning next fall and identify when targeted messaging with tips to contracting officers should occur.
2. Continue the use of the OSBU-created CSM and other tools to drive subcontracting opportunities before contract award.
3. Continue eSRS training when reports are due and submitted (spring and fall). Revamp tips on how to review ISR and how to review SSRs for both individual and commercial subcontracting plans.
4. Develop specific training and tools for COs to use once the findings from the FY 2019 audit of subcontracting plan administration by the Government Accountability Office are released.
5. Collaborate with PBS on subcontracting reporting issues:
 - a. Leasing National Office in updating the small business subcontracting guidance provided to leasing contracting officers
 - b. AbilityOne providers to make sure the subcontracting plans and reports filed after award are consistent with the way purchases are made
6. Continue to recommend the use of a small business participation factor in significant acquisition strategies as a means to increase small business subcontracting opportunities.
7. Update the Subcontracting page on OSBU's internal website to simplify the review of eSRS reports by COs, recognizing their challenges if they are only examining reports twice a year.
8. Partner with PBS Utilities to provide training as needed to contracting officers and the industry to maximize small business opportunities before and after contract award.

It is anticipated that these and ongoing past initiatives will enable GSA to meet its small business subcontracting goals in FY 2020.

If you have any questions, please contact GSA Subcontracting Program Manager, Deborah Eble at deborah.eble@gsa.gov.

In compliance with the requirements of Subsection (h) (1) (A), (B), (C) of section 15 of the Small Business Act (15 U.S.C. 644), the Department of the State's (DOS') Fiscal Year 2019 Corrective Actions Report is enclosed.

Fiscal Year 2019 Corrective Actions Report

In compliance with the requirements of Subsection (h) (1) (A), (B), (C) of section 15 of the Small Business Act (15 U.S.C. 644), Department of the State (DOS) Reports the following:

FY 2019 Small Business Prime Contracting and Subcontracting Goal Achievements:

Small Business Categories	Prime Contracting Goal	Prime Contracting Goal Achieved	Subcontracting Goal	Subcontracting Goal Achieved
Total Small Business	24%	31.34%	36%	55.3%
Small and Disadvantaged Business (SDB)	5%	18.73%	5%	3.9%
Women Owned Small Business (WOSB)	5%	5.25%	5%	4.4%
Service-Disabled Veteran-Owned Small Business (SDV)	3%	4.1%	3%	2.2%
Historically Underutilized Business Zone (HUB Zone)	3%	5.65%	3%	1%

In Fiscal Year 2019, DOS achieved all its small business prime contracting goals, as well as the Small Business Subcontracting goals. Over the same period, DOS missed subcontracting goals in the socioeconomic categories.

Justifications for Not Achieving Small Business Subcontracting Goals

- The requirement to submit a subcontracting plan does not apply to contracts awarded to large businesses for overseas projects. The Department's ability to meet its small business subcontracting goals by relying solely on large prime contractors performing within the United States has been and will continue to be a major challenge.
- The Department, following the Category Management best practices, heavily utilizes GWACs / IDIQs in its procurements, which include commercial subcontracting plans. Since the subcontracting goals for those plans are negotiated and allocated government-wide, the Department has no control or ability to negotiate these goals, which negatively impacts the net result of our potential opportunity.

The following outlines all measures that the Department routinely takes to maximize its small business goal achievements.

1. Continued Commitment to Achieving Small Business Goals

- Enforce the Department's Rule of Two "Order of Preference" policy that prioritizes award of new contracts to categories of small businesses that least benefited from contracting opportunities during the previous fiscal year. The Department's Order of Preference for the Fiscal Year 2020 is as follows: WOSB, SDVOB, HUBZone, and SDB.
- Educate small businesses on the principles of doing business overseas by organizing several outreach conferences on prime and subcontracting opportunities with the Department.
- Meet regularly with the Department's program managers to identify upcoming requirements for potential set-asides.
- Review the System for Award Management (SAM) and the Dynamic Small Business Search (DSBS) database to identify potential matches for upcoming requirements.
- Coordinate small business capability presentations for program and contracting officers.
- Work closely with program managers and contracting officers to ensure effective utilization of small business programs.
- Encourage small business focused market research by program offices and contracting officers such as issuing Sources Sought Notices (SSNs) and requests for information (RFIs) to maximize opportunities for small business offerors.

2. Senior Level Engagement in the Importance of Achieving Small Business Goals

- In an effort to provide feedback on each bureau's progress toward meeting its small business goal, OSDDBU disseminates Monthly Small Business Goal Achievement Report among procurement and program executives, and all management officials in the procurement process.
- OSDDBU seeks support from the Department's executive leadership to implement internal metrics of achievement of small business goals.
- OSDDBU participates in the Department's Category Management committee and leads efforts to integrate small business strategies into Department Category Management efforts.

3. Training of Acquisition and Program Staff

- Provide monthly training sessions small business programs, set-asides, subcontracting, and relevant FAR principles for the contracting and program management personnel.

4. Outreach to Small Businesses

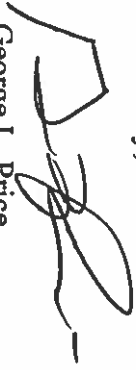

- Ensure that information on the Department's OSDDBU website is updated regularly, including updates to the "Guide to Doing Business with the Department of State," list of prime contractors, and "Annual Forecast of Contract Opportunities."
- Require contracting officers to issue Requests for Information or Sources Sought Notices in beta.sam.gov.
- Participate in conferences, workshops, and panel discussions on Federal Government contracting opportunities.
- Support government-wide small business outreach efforts by co-hosting, attending, participating in matchmaking at other agencies' events, and providing opportunities for other federal departments and agencies to meet with small businesses at Department of State outreach events.
- Provide one-on-one and group counseling to small businesses on how to do business with the Department.
- Sponsor an annual in-house small business trade fair and business matchmaking event.
- Facilitate capability presentations by qualified small businesses to program and acquisition officials.

5. Commitment to Achieving Subcontracting Goals

- Hold an annual subcontracting event that facilitates matchmaking, networking, and meetings between large prime contractors and small businesses seeking subcontracting opportunities.

- Manage and monitor e-SRS to ensure timely submissions of the ISRs and SSRs by large prime contractors and timely review of the ISRs by the Agency Coordinator / Small Business Technical Liaison.
- Provide training on subcontracting goals and processes for contracting officers and contract specialists.
- Developed a library of resources on the Department's internal site that includes procedures manuals, training guides, and up-to-date goals and achievements tracking.

I. REQUIREMENTS

In accordance with Subsection (h) of section 15 of the Small Business Act (15 U.S.C. 644) SBA is providing a report describing the following:

(h)REPORTING ON GOALS FOR PROCUREMENT CONTRACTS AWARDED TO SMALL BUSINESSCONCERNS. —

(A)the extent of the participation by small business concerns, small business concerns owned and controlled by veterans (including service-disabled veterans), qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women in the procurement contracts of such agency during such fiscal year;

(B)whether the agency achieved the goals established for the agency under subsection (g)(2) with respect to such fiscal year; and

(C)any justifications for a failure to achieve such goals.

(D) a remediation plan with proposed new practices to better meet such goals, including analysis of factors leading to any failure to achieve such goals.

II. SMALL BUSINESS ADMINISTRATION

The U.S Small Business Administration Office of the Chief Financial Officer (OCFO) Acquisition Division reports that it successfully met all set Prime socio-economic category goals for Fiscal Year 2019 as follows:

FY19 Prime Contracting Goals

- ✓ Agency FY19 Small Business Goal of 71%
- ✓ Small and Disadvantaged Business (SDB) Goal of 5%
- ✓ Women Owned Small Business (WOSB) Goal of 5%
- ✓ Service-Disabled Veteran-Owned Small Business (SDVOB) Goal of 3%
- ✓ Historically Underutilized Business Zone (HUBZone) Small Business Goal of 3%

The U.S Small Business Administration Office of the Chief Financial Officer (OCFO) Acquisition Division reports that it did NOT meet all set Sub-Contracting socio-economic category goals for Fiscal Year 2019 as follows:

FY19 Subcontracting Goals

- ✓ Agency FY19 Small Business Subcontracting Goal of 39%
- ✓ Small and Disadvantaged Business (SDB) Goal of 5%
- ✓ Women Owned Small Business (WOSB) Goal of 5%
- X Service-Disabled Veteran-Owned Small Business (SDVOB) Goal of 3%
- X Historically Underutilized Business Zone (HUBZone) Small Business Goal of 3%

For FY 19, the U.S Small Business Administration Office of the Chief Financial Officer (OCFO) Acquisition Division was able to meet all subcontracting goals except for two (2). SBA obtained a level of 1.90% for Service-Disabled Veteran-Owned (SDVOSB) a level of 0.10% for Historically Underutilized Business Zone (HUBZone). SBA was not able to meet all the above subcontract goals due to the significant lack of SBA requirements that (1) had subcontracting opportunities available and/or (2) had additional SDVOSB or HUBZone opportunities available. For Fiscal Year 19, there was one (1) acquisition requirement that met the criteria for requiring a subcontracting plan and presented any available subcontracting opportunities. SBA has one of the highest Prime small business goals among federal agencies, which often leave little to no subcontracting opportunities This is a historically repetitive occurrence further challenged by SBA's mission of Small Business support prioritization coupled with the Federal Regulation statutory requirements of FAR 19.702(b) exempting subcontracting plans for small business awards. In the future, SBA Contracting Officers will continue to seek subcontracting opportunities if or when they become available as much as possible.

	Performance: 41.6%	Performance: 6.5%	Performance: 6.2%	Performance: 2.6%	Performance: 0.9%

The DOI achieved all the goals established for the agency under 15 USC 644 subsection (g)(2) in FY 2019 with the exception of the Historically Underutilized Business Zone (HUBZone) and Service-Disabled Veteran Owned (SDVOSB) subcontracting goal.

The HUBZone goal has been difficult to achieve since the goal is small relative to the dollar value of most DOI contracts that have a subcontract plan. DOI continues to emphasize HUBZone and SDVOSB subcontracting in small business subcontract plans and through new policy covering the use of small business participation as an evaluation factor in solicitations.

U.S. Department of Transportation (DOT)
Corrective Action Plan Report
FY2019

The following corrective actions have been completed by the U.S. Department of Transportation's Office of Small and Disadvantaged Business Utilization in order to take to address unmet small business prime and subcontracting goals.

Prime Contracting Goals

Historically Underutilized Business Zone (HUBZone)

Goal: 3%, Achievement: 2.97%

ACTIONS TAKEN

The Department met all socioeconomic small business goals but HubZone. The following actions were taken to address this shortfall:

- The OSDBU strengthen collaboration with the Federal Aviation Administration (FAA) to increase HubZone participation in FAA procurement opportunities. Our efforts yielded an increase of 22% in FAA HubZone contract dollars compared with previous fiscal year.
- OSDBU hosted a webinar with DOT Operating Administration's Small Business Specialists and Contracting officers to increase HubZone participation in DOT contract opportunities.
- The Department held monthly training session with Small Business Specialists to discuss modal administrations small business contracting performance.
- OSDBU provides monthly small business achievement reports to DOT's Chief of Contracting Office (COCO) and Small Business Specialists to monitor Operating Administration performance.
- We promote the use of SBA's HubZone databases for market research and consideration.

NEXT STEPS

- OSDBU will identifies areas of collaboration with Federal Aviation Administration (FAA) leadership to increase HubZone participation in FAA contract opportunities.
- Small Business Specialists will provide internal trainings to their Contracting Officers to ensure compliance with FAR requirements and promote the use of HubZone set asides.
- OSDBU will expand its outreach activities in an effort to introduce capable small businesses, and HUBZone companies, to our buyers.

- OSDBU will promote Small Business Specialist participation in Small Business Administration (SBA) led trainings relating to Small Business programs.
- Continue monitoring agency performance by providing monthly small business achievement reports to DOT operating administrations.
- Perform data analysis of DOT Operating Administrations spend to identify areas of opportunity to increase HubZone participation.

Subcontracting Goals

Small Business Goal- Goal: 48.5%, Achieved: 44.7%

Historically Underutilized Business Zone (HUBZone)- Goal: 3%, Achieved: .8%

Service-Disabled Veteran-owned Small Businesses- Goal: 3%, Achieved: 2.4%

DOT subcontracting programs are an essential part of the OSDBU mission. Our office is committed to provide maximum opportunities to small businesses through our subcontracting programs and ensure compliance with Federal Acquisition Regulations (FAR) requirements regarding small business participation reporting.

Our office made an assessment of our subcontracting programs to determine prime contractor and contracting officers' compliance with FAR. We found the following issues:

- Prime contractors were not submitting Individual Subcontracting Reports (ISR) and Summary Subcontracting Reports through the Electronic Subcontracting Reporting System (eSRS) in a timely manner.
- Contracting officers did not review ISR reports in a timely manner.
- Few contracts had incorrect business size selection in Federal Procurement Data System (FPDS).

ACTIONS TAKEN

Our office is determined to strengthen our subcontracting program and we took several measures to remediate the issues listed above, as follows:

- OSDBU regularly monitored the eSRS for prime contractors timely reporting and compliance. We reviewed a subcontracting report from FPDS to determine the prime contractors required to submit ISR and SSR reports for FY19. We cross-referenced this data with ISR and SSR submissions in eSRS. We reached out to those primes in non-compliance to them know the requirement for these reports and prompted submission of their reports.
- OSDBU engaged in outreach activities with DOT prime contractors to increase subcontract opportunities.
- Provided a training to Small Business Specialists involved in the evaluation of subcontracting reports in the eSRS.

- We pulled up quarterly subcontracting reports from FPDS to determine primes that were required to submit subcontracting plans to ensure timely submission of their ISR and SSR reports. Before the end of FY19, our office communicated these requirements to DOT prime contractors.
- In FY19 OSDBU continued to provide subcontracting plans and eSRS training at monthly Small Business Specialist Training Meetings.
- OSDBU staff provided training to Operating Administration Small Business Specialists (SBS) and contracting officers (CO) to emphasize FAR requirements related to subcontracting plans including pre and post award CO responsibilities.
- OSDBU regularly monitored the eSRS for contracting officer timely review of ISR reports. OSDBU is charged with reviewing SSR reports in eSRS. OSDBU staff worked closely with Operating Administration SBS to ensure promptly ISR report review.
- OSDBU communicated post-award requirements to Operating Administrations
- DOT Operating Administrations and DOT subcontracting policies include a review of all Subcontracting Plans by Contracting Officers, Small Business Specialists, the SBA Procurement Center Representative and OSDBU.
- The DOT OSDBU website communicates information on subcontracting with DOT and includes the DOT Subcontracting Directory.

NEXT STEPS

- OSDBU staff will work with prime contractors to ensure ISR and SSR reports are submitted on time. OSDBU will continue our proactive approach to communicate with primes before the end of each reporting period to remind them Federal Acquisition Requirements (FAR).
- Our staff will work closely with Operating Administrations to ensure prompt review of ISR reports in eSRS by Contracting Officers.
- We will monitor eSRS on a monthly basis to determine Contracting Officer compliance and communicate with those in non-compliance for immediate action.
- Monitor FPDS contract data to ensure DOT contract actions accurately reflect size and socioeconomic business status.

Department of Justice
Corrective Actions to Address Small Business Goals Not Met During FY 2019

Data in the Federal Procurement Data System – Next Generation (FPDS-NG) as of February 20, 2020, show that the Department of Justice (DOJ) achieved the following results against its small business prime contracting goals.

Category	Goal	Accomplishment
Small Business	31.00%	31.38%
SDB	5.00%	13.24%
WOSB	5.00%	6.35%
SDVOSB	3.00%	5.17%
HUBZone	3.00%	1.70%

As shown above, DOJ exceeded its prime contracting goals for small businesses, small disadvantaged businesses, woman-owned small business, and service-disabled veteran-owned small business. Although DOJ did not meet its HUBZone goal of 3.00%, it did achieve 1.70 to HUBZone firms by awarding \$136 million to such firms. That total represents the second highest dollar total to HUBZone firms in DOJ’s history. DOJ remains committed to ensuring that small businesses participate in our procurements to the maximum extent practicable. In an effort to achieve our unmet HUBZone goal, DOJ is taking the following steps during FY 2020:

- Clearly communicate the FY 2020 small business goals and the importance of meeting those goals
- Publish the FY 2020 DOJ Forecast of Contracting Opportunities on the DOJ OSDBU website
- Host Vendor Outreach Sessions specifically for HUBZone firms, SDVOSBs, WOSBs/EDWOSBs, and 8(a) firms in an effort to encourage those businesses to pursue contracting opportunities at DOJ
- Host four additional Vendor Outreach Sessions for all small businesses
- Participate in small business outreach events specifically for HUBZone small businesses
- Conduct thorough market research to identify procurements that could be set aside for small businesses
- Use set aside authority when using multiple award contracts to drive achievement to small firms in the HUBZone category
- Maximize awards to small businesses under the simplified acquisition threshold
- Ensure that FAR 19.203(c) is followed by reviewing contract actions greater than the simplified acquisition threshold
- Consult and collaborate with SBA’s HUBZone Empowerment Contracting Program Office when appropriate to identify HUBZone opportunities

Data in the Electronic Subcontracting Reporting System (eSRS) as of March 20, 2020, show that DOJ achieved the following small business subcontracting accomplishments in FY 2019.

Category	Goal	Accomplishment
Small Business	39.00%	41.00%
SDB	5.00%	8.50%
WOSB	5.00%	10.40%
SDVOSB	3.00%	1.20%
HUBZone	3.00%	3.00%

DOJ is taking the following steps in support of meeting our small business subcontracting goals in FY 2020:

- Clearly communicate the FY 2020 small business subcontracting goals and the importance of meeting all of the small business goals
- Publish the small business subcontracting goals and accomplishments on the DOJ OSDBU website
- Ensure that contracting officers stress the importance of subcontracting plan compliance in all small business categories with DOJ's large prime contractors with particular focus on the small business goals not met
- Ensure that all DOJ prime contractors are submitting reports to eSRS as required
- Ensure that contracting officers are using the Individual Subcontracting Reports (ISRs) in the (eSRS) to monitor contract specific small business subcontracting accomplishments
- Review subcontracting plans for contracts greater than \$700,000 to other than small businesses to ensure that proposed small business subcontracting plans meet DOJ's small business subcontracting goals
- Invite DOJ's large prime contractors to participate in DOJ's Vendor Outreach Sessions
- Ensure that SBA's PCR has an opportunity to review proposed subcontracting plans and provide input
- Participate in small business outreach events hosted by DOJ's large prime contractors
- Conduct training to DOJ's acquisition staff regarding pre-award and post award subcontracting responsibilities
- Where appropriate, make small business subcontracting an evaluation factor contract award
- Where appropriate, make Small Business Participation Plan an evaluation factor for award providing a higher score for comprehensive socioeconomic small business participation

Office of Government Contracting & Business Development
U.S. Small Business Administration (SBA)

Dear Ms. Ciorneiu:

As the Director of the Office of Small and Disadvantaged Business Utilization, I am designated as the official at the U.S. Department of Education (Department) responsible for deployment and implementation of the Department's small business program. In accordance with Section 15(h) of the Small Business Act, I am submitting this Corrective Actions Report to address the Department's performance during fiscal year (FY) 2019 regarding socio-economic contracting and subcontracting. The Department exceeded in meeting the FY19 Woman-Owned Small Business and Small Disadvantaged Business Goals but fell short of Historically Underutilized Business Zone (HUBZone) and Service-Disabled Veteran-Owned Small Business (SDVOSB) goals. In FY20, the Department plans to increase HUBZone and SDVOSB engagement through outreach events, internal trainings, and strategic intervention in acquisition planning.

In FY 2019, the Department's small business prime goals for both HUBZone and SDVOSB were 3%. Throughout the fiscal year, 2.62% of contracts were awarded to HUBZone and 2.84% were awarded to SDVOSB, increasing percentages from 2018 by .78% and .39% respectively. This significant increase in targeted spending demonstrates the effectiveness of the comprehensive 2019 plan. The Department will utilize a similar plan to reach its goals in FY20.

Specifically, for FY20, the Department will focus its efforts on three key areas: (1) targeted outreach to HUBZone and SDVOSB communities, (2) implementation of a goal-focused category management strategy, and (3) relevant training of program and acquisition officials. Major activities within this improvement plan include:

- Providing and/or coordinating training on the HUBZone and SDVOSB programs; working with program and acquisitions officials to identify HUBZone and SDVOSB businesses for new requirements.

- Monitoring, tracking, and reporting small business achievement to senior leaders and contracting activities on a quarterly basis to inform policies and encourage program office compliance.
- Publishing the Department's updated procurement forecast on a quarterly basis and providing technical assistance to HUBZone and SDVOSB designated firms interested in marketing to the Department.
- Encouraging contracting officials to utilize HUBZone and SDVOSB businesses through contract mechanisms such as set-asides and recognizing exemplary small business program achievement and advocacy.
- Conducting targeted outreach to HUBZone and SDVOSB designated businesses through participation in, or hosting of conferences, workshops, and other events that draw firms interested in doing business with the Federal government.

The Department appreciates the opportunity to respond and to improve our efforts in these areas. Please let me know if you require any additional information.

Respectfully,

3/19/2020

Department of Treasury
(TREASURY)

U. S. Department of the Treasury
 Corrective Action Plan
 Addressing Unmet 2019 Goals
 (Service – Disabled Veteran Owned Small Business (SDVOSB))

According to latest data in FPDS and the electronic Subcontracting Reporting System (eSRS), show that the Department of the Treasury achieved the following results against its small business *prime* and *subcontracting* goals.

Category	Prime Goal	Achievement
SB	38.50%	42.49%
SDB	5.00%	11.94%
WOSB	5.00%	11.37%
HUBZone	3.00%	3.46%
SDVOSB	3.00%	4.28%

Category	Subcontracting Goal	Achievement
SB	33%	47.8%
SDB	5.00%	9.6%
WOSB	5.00%	12.1%
HUBZone	3.00%	6.6%
SDVOSB	3.00%	2.2%

Treasury is proud of its overall achievement of meeting 9 out of 10 small business goals. Based on preliminary data, Treasury met all 5 small business **prime** contracting goals and 4 of its small business **subcontracting** goals.

Although Treasury did not meet its SDVOSB subcontracting goal, falling short by a mere .8%, we remain committed to providing fair opportunity to the entire small business community, including SDVOSBs. Ensuring that small businesses participate in Treasury's procurements to the maximum extent practicable.

Like most federal agencies, Treasury had some challenges in meeting its 3% SDVOSB goal. In the current environment of mandatory use of Best in Class vehicles, it will be challenging at best to meet subcontracting requirements where few open market opportunities are planned coupled with SDVOSBs non-responsiveness to solicitations and/or RFIs. To help mitigate this, Treasury is increasing its enforcement of subcontracting plan achievements by assigning dedicated staff to make this a priority, including more program oversight. Treasury will work with CO's to contact prime contractors to offer assistance in finding qualified SDVOSBs and/or assistance where needed to assist Primes in meeting SDVOSB goals.

In fact, Treasury hosted its annual "Prime Contractors' Training and Small Business Matchmaking Event", where training and education was provided to Treasury's top prime contractors. SBA's subject matter experts were invited to provide robust information on subcontracting enforcement and compliance among other important topics.

During this training event, Treasury's small business vendors were strategically matched with Treasury's primes for target rich subcontracting opportunities, focusing on HUBZone and SDVOSBs.

Moving forward, Treasury will employ the following actions to help meet the SDVOSB goal:

- Host additional outreach events focusing on targeted SDVOSB subcontracting opportunities to ensure small business participation plans are incorporated to the maximum extent practicable.
- Provide market research guidance and training to improve the acquisition communities' ability to understand the capabilities that exist in the marketplace, particularly for SDVOBs.
- Provide targeted training for contracting personnel on subcontracting requirements.
- Increase the use of Multiple Award Schedule (MAS) contracts, or Schedules, specifically VETS2.

Thank you for the opportunity to submit its Corrective Action Plan. Any questions, feel free to contact Pamela Wilson, Treasury's Subcontracting Program Manager, at pamela.Wilson@Treasury.gov or 202-622-1071 or 202-531-2174 (work mobile).

May 2020

The Department of Defense (DoD) Office of Small Business Programs (OSBP) submits the following Fiscal Year (FY) 2019 Corrective Actions Report to the Small Business Administration (SBA) addressing the DoD small business (SB) goals that the Department did not achieve during FY 2019.

1.A: Extent of Participation in FY 2019 DoD Prime Contracting by Small Business Concerns

FY 2019 DoD SB Goaling Report Results (FPDS-NG), as 2/20/20 (Dollars in Billions)

		B	B	%	%	B	%	%	B	%	%	B	%	%	B	%	%

The DoD achieved an overall increase in performance in FY 2019 with an additional \$4.2 billion awarded to Small Business (SB) concerns over FY 2018 performance levels. As a percentage of SB eligible dollars, DoD surpassed both FY 2018 performance and the FY 2019 SB goal by .3% and 2.36% respectively. Similarly, increased amounts of SB eligible dollars were awarded to Small Disadvantaged Business (SDB), Women-Owned Small Business (WOSB) and Historically Underutilized Business Zone (HUBZone) small businesses over FY 2018 levels. Small Business and socio-economic small business goals were exceeded for SB, SDB, and SDVOSB concerns. Goals were not met for WOSB and HUBZone small business concerns although there were increases in dollars awarded to each of these preference programs.

1.B: In FY 2019 the Department of Defense achieved three of five prime contracting goals

Category of Small Business	FY19 Goal Performance
Small Business	Achieved
Small Disadvantaged Business	Achieved
Women-Owned Small Business	Not Achieved
Service-Disabled Veteran-Owned Small Business	Achieved
Historically Underutilized Business Zone Small Business	Not Achieved

1.C: Justification for WOSB and HUBZone prime contracting underachievement

The Department’s procurement efforts are challenged by mission focus, statutory small business goals, and an organizational commitment to increase common spend under the Category

Management initiative. Overall, the Department successfully navigates these challenges but is disappointed with the failure to successfully do so for the WOSB and HUBZone socio-economic programs. Part of the mission challenge is evident in the increased funding for major defense acquisition programs (MDAPs) which offer fewer opportunities for small business prime contractors. Continued increases in funding for MDAPs increases the weighting of high dollar value and more complex contracts that are not well-suited for small business concerns. The Department is optimistic it will continue to improve in these goal areas.

WOSB: Over the past 13 years, DoD demonstrated steady improvement in WOSB contracting and expects that trend to continue in light of recent policy changes regarding the WOSB program. Although DoD did not achieve the goal for WOSB in FY19, DoD efforts led to award increases of nearly \$1.12 billion to WOSB concerns representing a .19% increase over FY 2018. The Department expects performance improvements to continue in the achievement of the 5% prime contracting goal.

HUBZone: HUBZone small business concerns do not have a competitive advantage over other small business concerns. The HUBZone price evaluation preference does provide a competitive advantage when considering offers from other-than-small business concerns in full and open competitions. Highly performing small business concerns who would otherwise be eligible for HUBZone program certification have been challenged by a dynamic HUBZone map and onerous program requirements for continuing eligibility. On November 26, 2019, the Small Business Administration issued comprehensive changes to the HUBZone program (reference 84 FR 65222) that will realize increased stability and efficiency in the HUBZone Program. The Department anticipates these changes (effective December 26, 2019) will encourage highly performing eligible small business concerns to seek and maintain HUBZone certification, increase their competitiveness over other-than-small business concerns, and contribute to the Department's improved performance in achieving the statutory HUBZone goals.

2A: Extent of Participation in FY 2019 DoD Subcontracting by Small Business Concerns

FY 2019 DoD SB Subcontracting Report Results (eSRS) as of 3/15/20 (Dollars in Billions)

Subcontracting		Small Business (SB) Subcontracting			Small Disadvantaged Business (SDB) Subcontracting			Women-Owned Small Business (WOSB) Subcontracting			Service-Disabled Veteran-Owned Small Business (SDVOSB) Subcontracting			Historically Underutilized Business Zone (HUBZone) Subcontracting

The DoD achieved an overall increase in subcontracting performance in FY 2019 with an additional \$13.7 billion awarded to Small Business (SB) concerns over FY 2018 performance levels. As a percentage of SB eligible dollars, DoD surpassed both FY 2018 performance and the

FY 2019 SB goals by 5.6% and 6.5% respectively. Similarly, increased amounts of SB eligible dollars were awarded to Small Disadvantaged Business (SDB), Women-Owned Small Business (WOSB), Service-Disabled Veteran-Owned Small Business (SDVOSB) and Historically Underutilized Business Zone (HUBZone) small businesses over FY 2018 levels. Small business and socio-economic small business subcontracting goals were exceeded for SB and WOSB concerns. Small business socio-economic subcontracting goals were not met for SDB, SDVOSB, and HUBZone small business concerns although there were increases in dollars awarded to each of these preference programs.

2.B: In FY 2019 the Department of Defense achieved two of five subcontracting goals

Category of Small Business	FY19 Goal Performance
Small Business	Achieved
Small Disadvantaged Business	Not Achieved
Women Owned Small Business	Achieved
Service-Disabled Veteran-Owned Small Business	Not Achieved
Historically Underutilized Business Zone Small Business	Not Achieved

2.C: Justification for SDB, SDVOSB and HUBZone subcontracting underachievement

Although DoD realized an increase in dollars spent for all SB and socio-economic subcontracting goals in FY 2019, and successfully achieved the SB subcontracting goal it failed to meet in FY 2018, DoD did not meet the SDB, SDVOSB, and WOSB subcontracting goals.

One challenge that the Department faced in meeting small business subcontracting goals across all categories is a continued increase in funding for its major defense acquisition programs (MDAPs). This trend increases the weight of MDAP prime contractors on subcontracting goals as MDAP prime contractors often awarded first-tier subcontracting to other than small businesses (OTSBs). These OTSBs (like Northrup Grumman and BAE Systems on the F-35 MDAP where Lockheed Martin is the prime contractor) are not required to record their subcontracting participation in eSRS below the first-tier; eliminating the inclusion of potential small businesses in lower-tiered subcontracts. Additionally, the secondary and tertiary effects of purchasing major defense systems includes smaller percentages of capable small businesses to fulfill higher-tiered subcontracting roles. The DoD Mentor Protégé Program was established to develop capable small business concerns to meet critical industrial base needs.

Recent improvements in subcontracting data collection and surveillance have provided more accurate data to manage subcontracting plan compliance. The Department, working closely with the Defense Acquisition University, also improved subcontracting training and guidance for contracting officials and small business professionals. Areas of progress included: reviewing subcontracting plans and carrying out post-award functions related to subcontracting. A subcontracting course offered through the Defense Acquisition University (DAU) covers compliance requirements from pre-award through post-award. The impact of these initiatives

was to refine improve subcontracting compliance improvements and improved subcontracting data collection and analysis. These efforts resulted in an overall increase of small business subcontracting as measured by dollars awarded and percentage increase over FY 2018 performance levels.

Remediation Strategies

In December 2019, the Office of Industrial Policy's Small Business Program submitted the DoD Small Business Strategy to Congress. The Strategy focuses on three strategic goals: creating and implementing a unified management structure across the Department's small business workforce; aligning the Department's small business activities with the National Defense Strategy (NDS), National Security Strategy, and Executive Order 13806; and strengthening DoD's ability to support the warfighter and serve small businesses. The Strategy will assist the Department in assessing priorities across stakeholders, identifying opportunities for enhancement, and leveraging the significant efforts of other departments and agencies that also focus on supporting small businesses. The alignment of the Department's small business activities with the objectives of the NDS will ensure our work has a meaningful impact on securing our allies and nation's future. The Department is also working to identify opportunities to improve its day-to-day support of small businesses, maximize the utility of each individual program, and replicate our most successful tactics across lines of effort. These goals and objectives aim to leverage the might of the millions of entrepreneurs and small business owners across the nation to help secure our future.

The participation of dynamic, robust, and modern small businesses in the industrial base is critical to the United States' efforts to maintain its technological superiority, military readiness, and lethality. The Strategy pursues a wide variety of methods to unlock small business capabilities, change the acquisition culture of the Department towards small businesses, and improve acquisition processes to simplify and enhance how small companies do business with the Department of Defense. In the execution of this Strategy, the Department will increase and improve small business workforce training, focus key innovation programs on small business participation, increase commercialization, develop the right tools for acquisition professionals, and streamline policy and regulations where appropriate. This multi-faceted effort will encourage every organization of the Department of Defense to support and promote these initiatives to create a more synchronized, modernized, and agile small business industrial base.

During FY 2019, the Department continued efforts to meet statutorily mandated small business goals. The Department will continue to refine our small business strategy to address small business performance shortfalls and encourage new opportunities for small businesses to achieve greater socioeconomic impact during FY 2020 using innovative tools, leveraging policy changes, offering specialized training, exploiting strategic partnerships, and focused outreach.

Innovative Tools

DoD will continue to promote the use of data mining research using the Market Research Center of Excellence tool, or "MRCOE". MRCOE is an innovative tool, enabling leadership, program

managers, contracting officers and small business professionals to be more effective in market research execution, analysis, goal management, future needs forecasting, and industry engagement. In addition, MRCOE will streamline the overall market research process and automate small business performance monitoring; allowing DoD to target the categories that may be underperforming early in the fiscal year. DoD will use this information to create outreach and marketing to promote awards to these socioeconomic categories.

Leveraging Policy Changes

Proposed Small Business regulations and related FAR changes (i.e., FAR case 2018-003) will provide small business subcontracting credit below the first-tier subcontracting level and will permit prime contractors, particularly the Department's MDAP contractors, to receive subcontracting credit for lower tier small business concerns.

Offering Specialized Training

In FY 2020, The Department will improve training for small business professionals, arming them with critical knowledge to improve performance and ensure proper execution of small business programs. DoD is continuing to review and promote small business equities through training, frequent industry outreach to overcome the challenges of COVID-19, and revision of small business professional certification requirements for the Defense Acquisition Workforce Improvement Act (DAWIA) certification curriculum. The courses expand the implementation of established and continually evolving small business competencies across the workforce and address findings from gap assessments to improve performance. This training will educate the defense acquisition workforce to make better and more informed decisions, and improve opportunities for small businesses.

DoD OSBP will also continue earlier efforts to provide training for acquisition and small business professionals in the Department and to industry regarding subcontracting policies and procedures, cyber-security compliance and resources, and the submission and review of required subcontracting reports in accordance with subcontracting plans. DoD will target reports required under a Commercial Subcontracting Plan to ensure correct submission and proper review by the identified contracting organization. DoD will also emphasize subcontracting through outreach efforts.

During FY 2020, the Department of Defense continues to plan to host Small Business Training Week, a collaborative training with the Small Business Administration (SBA). The event provides updates regarding DoD programs, policy and legislative changes and serves as a forum for participants to discuss common issues and practices. This training assists Small Business Professionals, including contracting officers, in making well-informed decisions when suggesting and awarding opportunities that might include small business concerns.

Exploiting Strategic Partnerships

DoD OSBP will continue its valuable partnerships with DoD and civilian federal agencies to

implement small business contracting regulations in the Federal Acquisition Regulation (FAR) and Defense FAR Supplement (DFARS). DoD OSBP regularly participates in the FAR Small Business Team and DFARS Small Business Committee to craft changes to regulations, and also works with DPAP to issue policy guidance for the acquisition workforce, such as deviations or interim guidance.

The Department will leverage force multipliers such as the DoD Mentor Protégé Program (MPP) and DoD R&E efforts to promote commercialization of innovative technologies to meet critical industrial base needs and provide critical training such as cybersecurity. Incorporating these requirements into acquisition strategies will assist the Department in achieving small business goals and increase the number of qualified vendors within the industrial base.

DoD OSBP will continue targeting outreach events to address readiness challenges with Major Defense Acquisition Programs. Establishing strategic partnerships with industry will assist the Department in identifying SDB, SDVOSB and HUBZone small business subcontractors that can provide critical technology to meet capability gaps. The department will continue efforts to improve performance in SDB, SDVOSB and HUBZone subcontracting while maintaining an increase in the other socioeconomic categories.

Focused Outreach

To increase small business awareness and achievement, the Department will continue providing effective outreach, marketing and promotional materials through business.defense.gov to serve and expand our audience. DoD will host, partner and support educational small business events, providing awareness to areas of underachievement such as SDB, SDVOSB and HUBZone small business subcontracting.

DoD OSBP will continue partnering with SBA and WIPP, to host and support ChallengeHER events. ChallengeHER is designed to provide women business owners with procurement education, best practices for working with the government, and resources to learn how to apply and obtain a federal contract under WOSB/EDWOSB set asides.

The Department will continue a series of Small Business webinars and industry meetings providing necessary awareness and training to small business entrepreneurs interested in doing business with the Department of Defense. These events address program requirements, policy and legislative changes, and COVID-19 resources for small business. They have served as an effective forum to address industrial base concerns for increased cash flow, workplace flexibilities, performance forbearance, cybersecurity, and to promulgate best practices.

These changes and improvements will enable the Department to focus its attention on compliance oversight and subcontracting achievements for the DoD Services and Agencies.

Dear Ms. Carson:

As required by section 15(h)(1) of the Small Business Act (15 U.S.C. § 644(h)(1)), the Department of Veterans Affairs (VA) submits this report on its achievement of small business goals for fiscal year (FY) 2019. The enclosed report describes VA's Veterans First contracting requirements that enable the Department to take a leadership role for Service-Disabled Veteran-Owned Small Businesses (SDVOSBs) and Veteran-Owned Small Businesses (VOSBs). It also discusses the challenges presented for other socioeconomic goals and how VA will address them.

In FY 2019, VA was again the Federal civilian agency leader in prime contract dollars awarded to SDVOSBs, awarding more than \$6.4 billion to such firms out of a total procurement of \$27.5 billion, or 23.4 percent of total dollars. More than one out of every four Federal dollars awarded to SDVOSB prime contractors came from VA.

In addition, VA is unique in having a goal for contracting with VOSBs. In FY 2019, the Secretary raised this goal from 12 to 17 percent. VA significantly exceeded this goal, awarding 23.7 percent of its contract dollars to VOSBs. VA also awarded 10 percent to small disadvantaged businesses, doubling the five percent goal. Additionally, VA came within 0.1 percent of meeting the HUBZone goal.

VA continues to excel in its performance of subcontracting goals in the area of individual subcontracting plans, achieving over 54 percent with small businesses. However, the bulk of VA's subcontracting (more than 99 percent) is on commercial plans that reflect contracts across multiple agencies. Due to systemic issues with the

process for managing and reporting subcontracting results, VA recommends the Small Business Administration establish a working group to review the business process for establishing goals, tracking progress, and reporting subcontracting results, particularly with respect to commercial plans.

If you have questions regarding this report, please feel free to contact me at (202) 461-4600 or ruby.harvey@va.gov. Thank you for your support of VA's mission to assist Veterans.

Fiscal Year 2019

Small Business Participation in VA Contracts and Achievement of Goals

As required by section 15(h)(1) of the Small Business Act, the Department of Veterans Affairs (VA) submits this report on participation of various types of small businesses in VA contracting. The statutory mandate requires an assessment of VA’s achievement of the various goals, justification for failure to meet any of the goals, and a remediation plan to address the unmet goals.

In fiscal year (FY) 2019, VA did not meet its goals for contracting with HUBZone small businesses and Women-Owned Small Businesses (WOSBs), but exceeded the goals for Service-Disabled Veteran-Owned Small Businesses (SDVOSBs), Veteran-Owned Small businesses (VOSBs), Small Disadvantaged Businesses (SDBs), and all small businesses. In fact, for the first time, VA spent more than \$6.5 billion with VOSBs and SDVOSBs.

	Dollars Awarded (Achievement)	Percent of Total Procurement (\$27,531,261,467)	Percentage Goal
All Small Business	\$8,874,637,771	32.2%	29.6%
SDVOSB	\$6,439,910,614	23.4%	15.0%
VOSB	\$6,535,966,109	23.7%	17.0%
HUBZone	\$806,621,570	2.9%	3.0%

WOSB	\$869,158,557	3.2%	5.0%

Exhibit 1. Department of Veterans Affairs awards to small business, FY 2019. Source: Federal Procurement Data System, downloaded February 21, 2020. The presentation in this chart reflects the larger overall small business goal followed by all other socioeconomic groups in VA’s hierarchy of contracting preferences per 38 U.S.C. 8127(i).

In preparation for this report, VA also reviewed its FY 2019 subcontracting achievements using the “Subcontracting Achievements by Federal Agency” report in the Electronic Subcontracting Reporting System (eSRS), as directed by the Small Business Administration (SBA). This report reviews subcontracts associated with specific prime contracts awarded by VA, as well as an attributed share of sales reported by prime contractors on their companywide commercial plans. As of March 13, 2020, this report indicated VA met all but one of the subcontracting goals for individual subcontracting plans on VA contracts. However, since the great majority of VA subcontracting is done as part of commercial plans, it caused VA to fall short on its subcontracting goals.

VA recommends that SBA establish a working group to examine the entire subcontracting business process for establishing goals, tracking progress, and reporting

results, and in particular, the business process and data system for attributing commercial plan dollars to Federal agencies.

Exhibit 2. Subcontracting awards to small business, FY 2019. Source: Electronic Subcontracting Reporting System, downloaded March 13, 2020. For consistency, the order reflects the same hierarchy as shown in the prime contracting chart. VA has broken out the individual and commercial subcontracting plans to demonstrate the order of magnitude difference between these types of subcontracts.

Background

VA carries out its prime contracting and subcontracting programs with small business under the authority of two separate but closely related laws: the Small Business Act (15 U.S.C. 631 *et seq.*), which applies Government-wide; and the Veterans First Contracting Program authorized by 38 U.S.C. 8127-28, which is specific to VA. In FY 2019, VA awarded \$27.5 billion to prime contractors of all sizes, of which small businesses received nearly \$8.9 billion. VA's prime contractors, in turn, awarded \$22.6 billion in subcontracts to support their performance of VA contract requirements, and small businesses received nearly \$2.6 billion of this total.

As the name suggests, the Veterans First Contracting Program requires VA to award contracts to SDVOSBs and other VOSBs, provided the Veteran ownership and control of such firms has been verified by VA's Center for Verification and Evaluation. In making contract awards, the law directs VA to consider SDVOSBs first and VOSBs second, followed by the other SBA programs (HUBZone, 8(a), and WOSB), then all other small business preferences. Goals for these prime contracting programs are negotiated with SBA, with the exception of the SDVOSB and VOSB goals established by the Secretary of Veterans Affairs.

The Government-wide SDVOSB program established by the Small Business Act specifies a goal of 3 percent of awarded prime contracting dollars, but the Secretary establishes a higher goal for VA as required by the Veterans First Contracting Program. In addition, the Secretary establishes a goal for VOSBs, which has no Government-wide counterpart. Having VA-specific goals for these firms accords with the enhanced opportunity available at VA, due in large part to the legal mandate to set-aside contracts for such firms when VA reasonably expects to receive two or more competitive offers. This requirement is commonly referred to as the "VA Rule of Two." The mandatory nature of this policy was reinforced by the U.S. Supreme Court in *Kingdomware Technologies, Inc. v. United States*, --- U.S. ---, 136 S. Ct. 1969, 195 L. Ed. 2d. 334 (2016).

As noted previously, VA's prime contractors often carry out their commitments with the aid of subcontractors, and VA expects small businesses to participate in those subcontracts as well. The Secretary establishes goals for subcontracting with SDVOSBs and VOSBs, and VA negotiates a goal for other categories with SBA. Reports on small business participation under these contracts are submitted to the eSRS, where the responsible contracting officer can review and accept or reject the report submitted. In practice, VA contracting officers have the most visibility into performance on an "individual plan"; *i.e.*, a subcontracting plan specifically related to one particular contract; however, these made up less than 1 percent of VA subcontracting dollars in FY 2019.

Most subcontracting at VA occurs in relation to "commercial plans"; *i.e.*, plans associated with goods and services available in the commercial marketplace where the contractor has business relationships with VA, other Federal agencies, and the private sector. Because of the multiple customers involved, and because commercial acquisition seeks to rely on marketplace practices rather than Government requirements, VA contracting officers are much more limited in their ability to monitor and manage these plans. More than 99 percent of VA's FY 2019 subcontracting dollars were awarded on commercial plans.

Justifications for Unmet Goals

VA has previously informed SBA of its concerns about how the changing mix of VA's contracting spend affects the Department's ability to achieve its socioeconomic

goals. While cognizant of these concerns, SBA and VA agreed to an FY 2019 small business goal that was increased from 28.5 percent in FY 2018 to 29.6 percent in FY 2019. In accepting this goal, VA noted its concern regarding the impact of statutorily directed non-VA provided health care initiatives associated with the Maintaining Internal Systems and Strengthening Integrated Outside Networks (MISSION) Act of 2018 (Public Law 115-182). These concerns about the impact on small business participation proved to be valid. However, VA's top priority is providing care to Veterans when and where they need it, and that may be incongruent with small business contracting on occasion. VA's achievement of the FY 2019 small business goal suggests that VA has now absorbed much of the impact of these mission-critical changes to its procurement baseline, although major reform initiatives continue to complicate our evaluation.

For example, VA's contractual health care initiatives are necessarily awarded to large firms, as the only offerors with the capability to provide the necessary referral networks and connect Veterans with the appropriate health care providers. VA also reported significant new dollars in VA's procurement baseline compared to prior years due to improvement in its systematic and timely reporting of nursing home contract spend in FY 2019 through express reporting to the Federal Procurement Data System (FPDS).

VA continued to lead the Federal government in procurement dollars awarded to SDVOSBs, exceeding the combined procurements of all civilian agencies in this category as a result of the required preference for SDVOSBs and VOSBs mandated by the Veterans First Contracting Program. While this statutory hierarchy is consistent with VA's Veteran-centric mission, it also has an unavoidable consequence of limiting VA's use of the set-aside and sole-source authorities that are available to other Federal agencies in non-Veteran socioeconomic categories. A contracting officer may proceed to exercise an authority ranked after those programs in this hierarchy only if market research indicates insufficient SDVOSB or VOSB sources. Since there are nearly 14,000 verified firms in the VA Veterans First Contracting Program, there are few instances where the "VA Rule of Two" shows inadequate numbers of capable SDVOSBs or VOSBs from which to choose. As a result, VA mainly receives credit toward the HUBZone and WOSB goals by awarding contracts to SDVOSBs and VOSBs that have dual eligibility: *i.e.*, that are eligible for these other programs in addition to being an SDVOSB or VOSB.

In addition, the Supreme Court held in *Kingdomware Technologies, Inc. v. United States* that VA's mandate to award contracts to SDVOSBs and VOSBs does not cease once VA has met its goals for those categories. By contrast, SBA regulations generally allow an agency to select among programs based on, among other factors, need to award contracts in a particular program to achieve program contracting goals. See, *e.g.*, 13 CFR § 125.2(f)(2)(ii). This parity among the Government-wide small business programs is not available to VA due to the statutory mandate. Accordingly, VA last met its HUBZone goal, and came within a small fraction of meeting its WOSB goal, in Fiscal Year 2007, the year in which this priority policy was enacted through the Veterans Benefits, Health Care, and Information Technology Act of 2006 (Public Law 109-461).

With respect to subcontracting, VA is largely successful in achieving small business goals with respect to individual plans. For example, for FY 2015-19, VA's overall small business goal performance on individual subcontracting plans ranged from 43.2 percent to 65.0 percent. When VA's results on such individual plans are added to results from commercial plans, to calculate overall agency performance on the SBA scorecard, VA falls short of the SBA goals due to the magnitude of subcontracting on commercial plans.

In a typical year, more than 90 percent of VA's subcontracting (as measured in dollars) is based on commercial plans, but in the past four years (FY 2016-19), commercial plans have grown to represent a much higher percentage of VA's subcontracting plan dollars, exceeding 99 percent. Congress enacted a preference for acquisition of commercial items to leverage competition in the general marketplace, in place of Government administrative overhead and Government-unique item specifications. Commercial plans are the preferred subcontracting plan approach for prime contractors providing such items. Rather than track specific subcontracts in furtherance of an individual prime contract, such commercial plans involve large aggregates of entire product lines that serve all agencies and the private marketplace, and estimate the participation of small businesses based on the share deemed attributable to VA.

The decision whether a prime contractor will provide a commercial plan starts with a consideration of whether the contractor provides commercial items to the Government. Once an agency's contracting officer negotiates a commercial plan based on requirements for commercial items, the rest of the Government is bound by the decision. This means VA could be charged with meeting goals negotiated by a contracting officer for another agency not governed by VA's Veterans First Contracting Program requirements. Moreover, once a commercial plan is in place by another agency, VA is not permitted to impose additional subcontracting plan requirements covering the same items irrespective of the Veterans First requirements. Finally, reports on accomplishments under such plans are submitted annually, after the end of the fiscal year—too late to provide actionable information to track performance or address shortfalls while the fiscal year is still in progress. These policy constraints are a significant impediment to VA's ability to achieve, or even manage, these goals.

Remediation Plan to Address Unmet Goals

As noted previously, VA's success in meeting its FY 2019 prime contracting small business goal suggests the Department's procurement baseline has absorbed a significant impact from non-VA health care initiatives and other mission-critical requirements through careful planning and monitoring of acquisition strategies. SBA's agreement to reduce the FY 2020 goal helps provide additional flexibility for VA in the face of uncertainty, and enables the Department to contribute its share toward SBA's management of the Government-wide small business goal. VA anticipates continued success on its SDVOSB and VOSB goals, but continued challenges with respect to

HUBZone small businesses and WOSBs.

In order to adhere to Veterans First Contracting Program requirements, VA seeks to increase the number of verified VOSB firms with dual eligibility in the WOSB program, and VA's OSDDBU has created an initiative to target these firms. Since contracting officers cannot evaluate an offeror based on participation in multiple socioeconomic categories, VA is conducting more aggressive outreach to dually eligible firms by hosting outreach events specifically targeting women owners of VOSBs to encourage them to apply for verification of their VOSB status. VA is also reaching out to Veterans at WOSB events to encourage them to compete for VA contracts.

Working in concert with SBA's Boots to Business program, in FY 2019 VA conducted a five-month pilot program for dually certified Veteran- and Women-Owned small businesses (WVOSB) to increase their business resiliency and goals. The initiative offered access, programming and resources unique among any other VA program to enable and position these firms for success. The monthly in-person and virtual sessions included both procurement and economic opportunities designed to assist WVOSBs with overcoming the challenges of entrepreneurship. This program provided participants opportunities to learn, share, and connect. The program facilitated interactions with VA staff and Prime Vendors with the expectation that it will enable WVOSB business growth over the course of the next year.

The program concluded with a special event at the 2019 National Veterans Small Business Engagement that culminated in the successful program graduation of 29 WVOSBs. OSDDBU's Executive Director sent an email memorandum to all the Department's Heads of Contracting Activity encouraging them to look at their FY 2020 acquisition strategies, advocating that they seek opportunities for WVOSBs to increase VA's WOSB performance.

VA's efforts at encouraging dually eligible small businesses, both WVOSBs and VOSB/HUBZone small businesses, are showing results. VA raised its achievement with WOSBs from 2.5 percent in FY 2018 to 3.2 percent in FY 2019, and came within 0.1 percent of meeting its HUBZone goal. VA also benefited from a statutory change intended to assist Puerto Rico with storm recovery by allowing double goal credit for awards to Puerto Rico small business (see section 15(f)(3) of the Small Business Act, 15 U.S.C. 644(f)(3)). VA has a strong presence in Puerto Rico, a territory that is largely made up of HUBZone areas, and awarded nearly \$85 million in prime contract awards with small businesses there in FY 2019. This helped VA increase its achievement with HUBZone small businesses by 0.1 percent, a significant dollar value on a total procurement base of more than \$27 billion.

With respect to subcontracting, VA anticipates continued challenges under a policy framework that limits visibility in commercial plan performance. Additionally, given the recent growth in the share commercial plans represent of VA subcontracting performance, VA anticipates this issue will continue to challenge our performance in this area. As a participating member of the Small Business Procurement Advisory Council

established to assist SBA in these matters, or through a working group established specifically for this purpose, VA would welcome an opportunity to work with other agencies, and SBA, to identify policy options to improve accountability on commercial plans, while remaining cognizant of Congress' purpose in using commercial practices to reduce acquisition costs and administrative burdens.

FY 2019 Corrective Actions Report

The U.S. Department of Housing and Urban Development (HUD) remains strongly committed to utilizing small business concerns to the maximum extent practicable for its procurement needs. For the second consecutive year, HUD met or exceeded all its small business prime goals. However, HUD did not achieve the small business, service-disabled veteran-owned small business (SDVOSB), or HUBZone small business subcontracting goals. In FY19, HUD OSDBU continued to host several conferences and training events, to include specific conferences and trainings focused on the SDVOSB and HUBZone programs. Both the SDVOSB and HUBZone conferences received extremely positive feedback from both industry and HUD staff, and directly aided the department's efforts to increase awareness of HUD's contracting opportunities with SDVOSB and HUBZone companies. To ensure continued improvement, HUD submits the following corrective actions:

- 1) HUD OSDBU will continue to sponsor employee trainings on subcontracting, and on the SDVOSB and HUBZone Small Business Programs;
- 2) HUD OSDBU will continue to encourage other than small business prime contractors to post subcontracting opportunities to SBA's SUBNet;
- 3) HUD OSDBU will continue to review subcontracting plans and reports for the maximum practicable opportunities for small business concerns;
- 4) HUD OSDBU will continue to invite HUD's other than small business contractors to exhibit at HUD sponsored events, such as the IT Industry Day, as a means to increase the visibility of small business, SDVOSB, and HUBZone concerns interested in subcontracting;
- 5) HUD OSDBU will continue to publish the listing of prime contractors on the OSDBU website; and
- 6) As a necessity, HUD OSDBU will continue to train Contracting Officers as it relates to prime contractors.

Unfortunately, the U.S. Department of Agriculture (USDA) did not meet its accomplishments of the SBA goal for subcontracting. We recognize the opportunities this provides small businesses that are endeavoring to build upon past performance and obtain a stronger foundation to providing solutions to government agencies.

The areas the Department will focus on to expand the subcontracting opportunities with small business that are SDB, SDVOSB, WOSB and HUBZone's will be to:

- Continue to update the Departmental Regulation on Subcontracting to strengthen authority over USDA's buying agencies. The policy requires USDA buying agencies to fully consider primes with subcontractors in their contracting actions. It outlines a partnership between the Assistant Secretary for Administration, Agency Heads, Heads of Contracting Activities, and the Chief Information Officer (CIO) and Agency CIOs to achieve the mandated socioeconomic goals.
- Continue outreach events that provide networking opportunities for businesses.
- Disseminate information to SDB, SDVOSB, WOSB and HUBZone's that would assist these businesses in participating in awards of agency contracts.
- As a necessity, OSDBU will continue to train Contracting Officers as it relates to prime contractors.
- OSDBU will continue to have "Industry Days" geared toward Large Businesses and the importance of their subcontracting efforts.
- Continue to update and publish the Subcontracting Directory on the OSDBU website, twice per FY.
- USDA will continue to aggressively promote the utilization of Subcontracting in USDA contracting actions particularly in conjunction with our outreach efforts to small businesses in rural America in the food commodity area through the USDA Food Commodities Contracting Opportunities for Rural America initiative.

In accordance with Subsection (h) of Section 15 of the Small Business Act (15 U.S.C. 644) the Social Security Administration (SSA) provides the following information.

A. The extent of participation by small business concerns, small business concerns owned and controlled by veterans (including service-disabled veterans (SDVOSB)), qualified HUBZone small business concerns, small business concerns owned and controlled by socially and disadvantaged individuals, and small business concerns owned and controlled by women in the procurement contracts of such agency during such fiscal year;

The tables below represent Small Business Administration (SBA) goals and our FY 2019 progress.

***As of March 12, 2020-Report Frozen by SBA**

B. Whether the agency achieved the goals established for the agency under subsection (g)(2) with respect to the fiscal year;

As provided in the above tables, SSA met and exceeded our FY 2019 small business goal of 30 percent, our small disadvantaged goal of 5 percent, our Women-Owned goal of 5 percent, and our Service

Disabled Veteran Owned Small Business (SDVOSB) goal of 3 percent. We did not meet our HUBZone goal of 3 percent. Although SSA did not exceed our FY 2019 small business-subcontracting goal of 50.50 percent, we did exceed the subcontracting goals in three of the four socio-economic categories including Small Disadvantaged Businesses, Women-owned Small Businesses, and HUBZone small businesses. In fact, we doubled our goal for Women-owned Small Businesses subcontracting goal.

C. Any justifications for a failure to achieve such goals;

In FY 2019, while we did not meet the 3 percent prime HUBZone goal, we note that we increased our WOSB spend by \$33,088,178 (from 6.29 to 7.64 percent) and our small disadvantaged business spend by \$22,139,288 (from 8.42 to 9.02 percent). We believe this illustrates our commitment to small business as well as the consideration of socio-economic achievement in every acquisition to the maximum extent practicable consistent with market research.

D. A remediation plan with proposed new practices to better meet our Fiscal Year 2019

Action 1: The Office of Small and Disadvantaged Business Utilization (OSDBU) Director and the Head of the Contracting Activity will brief the Senior Executive Staff regularly on small business goal results, discuss acquisition strategies, and identify goaling areas for increased emphasis on HUBZone Small Business.

Action 2: The OSDBU Director will work closely with HUBZone contractors and the HUBZone Contractors National Council to promote small business contracting opportunities and to identify potential HUBZone sources for future small purchases and contracts. The OSDBU will collaborate with The Business Services Center and the United States Women’s Chamber of Commerce, who will identify potential HUBZone sources for future purchases and contracts. The Office of Acquisition and Grants (OAG) will review potential HUBZone sources for potential purchases and contracting opportunities.

Action 3: The OSDBU website provides a link to recent SSA headquarters contracting history on the [OAG](#) website, where interested vendors can search a database of OAG awards by vendor name, award description, or contract number. This provides interested vendors access to award information that includes vendor name, contract number, requirement description, award type, award date, obligation amount, and completion date.

Action 4: The Small and Disadvantaged Business Utilization Specialist (SADBUS) will participate in the agency’s “Acquisition Team Boot Camps” to explain the small business review process and the importance of conducting thorough market research to identify small business concerns. The SADBUS will emphasize the direct impact that market research has on achieving agency and statutory socio-economic goals.

Action 5: The OSDBU and SADBUS will continue to invite our large business prime contractors to attend our monthly vendor outreach sessions to facilitate interaction with potential small businesses and SDVOSB small businesses. The OSDBU will continue to provide a list of the agency’s prime contractors on the OSDBU web page with contact information to promote opportunities to small businesses and SDVOSB small businesses.

FISCAL YEAR 2019**

Prime Small Business Goal Achievement

In Fiscal Year (FY) 2019, the United States Agency for International Development (USAID) met the overall small business prime contracting goal. The Agency also exceeded the government-wide Small Disadvantaged Business Program category goal by achieving 7.38 percent, equating to \$403M, and the Women-Owned Small Business (WOSB) category goal by achieving 5.55 percent, equating to \$303M. The Agency did not meet the Historically Underutilized Business Zone (HUBZone) and the Service-Disabled Veteran Owned Small Business (SDVOSB) program goals. The following chart illustrates the Agency’s FY19 accomplishments:

USAID Small Business Prime Goal Achievement – FY 2019

Total Small Business Eligible Prime Dollars	\$5,456,766,868		
Contract Award Categories	Goals	Achieved	Expended
Small Business Contract Dollars	12.50%	14.80%	\$807,655,319
Small Disadvantaged Business	5.00%	7.38%	\$402,731,869
Women-owned Small Business	5.00%	5.55%	\$302,818,747
HUBZone Small Business	3.00%	0.58%	\$31,513,301
Service-Disabled Vet-Owned SB	3.00%	0.38%	\$20,945,737

USAID awarded approximately 14.80 percent, totaling \$808 million of its obligations to small business concerns. The awards represent a 41 percent increase in contract dollars allocated to small business concerns between FY 2016 to FY 2019. As noted, the increase highlights an upward trajectory from previous fiscal years.

HUBZone Program Goal

USAID has been challenged in meeting its HUBZone goals. In addition to domestic challenges and the obstacles facilitated by the Congressionally mandated requirement to count overseas awards for the purpose of USAID goal achievement, USAID HUBZone contractors were also faced with meeting the 35 percent HUBZone staffing requirement in the overseas arena. In-country staff are an integral part of how small businesses perform development work and must

be an integral part of the labor mix. There are also a limited number of HUBZone firms that perform development work. However, the Agency continues to make progress in this program area. For example, in FY16, the Agency awarded 0.19 percent in the HUBZone category and in FY19 the Agency slightly doubled the percentage as represented by 0.58. The percentages equate to \$8M awarded in FY 2016 with an increase to \$32M awarded FY 2019. OSDBU recognizes that despite the gain, the HUBZone goal was not met and outreach events are being developed to specifically target and educate HUBZone firms with the objective of addressing the shortfall.

SDVOSB Program Goal

USAID has been consistently challenged with meeting its SDVOSB small business goals. SDVOSB goal achievement further decreased in FY19 as evidenced by an analysis of the awards made in previous fiscal years. For example, in FY16, USAID reached 1.19 percent with a 3.0 percent target resulting in \$52M in SDVOSB awards. However, in FY 2019, the Agency achieved 0.38 percent, with awards only equating to \$21M. OSDBU considers the decrease significant recognizing that the SDVOSB category faces the same challenges as the HUBZone category. In response to the SDVOSB challenge, OSDBU is currently developing outreach events that will specifically target and educate SDVOSB firms with a goal of improving obligations/awards. In addition, acquisition personnel will be encouraged to utilize SDVOSB set asides when market research supports the procurement method.

Subcontracting Small Business Goal Achievement

In FY 2019, USAID met its overall small business subcontracting goals. The Agency slightly exceeded the 5.0 percent Small Disadvantaged Business Program category goal by achieving 5.3 percent equating to \$38M. The WOSB goal of 5.0 percent was achieved with awards that totaled \$36M. As highlighted in the prime small business award categories, the Agency fell short in meeting the HUBZone and SDVOSB subcontracting goals.

USAID considerably exceeded the overall subcontracting goal by 5.2 percent. The upward trajectory is captured in an analysis of subcontracting activity between FY16 with \$475M awarded in subcontracts, contrasted by \$720M awarded in FY19. Even though improvements are evident, the Agency did not make significant gains in the HUBZone and SDVOSB subcontracting categories. OSDBU will continue to monitor “Other than Small Business” subcontracting plan goal achievement via the review and reporting process. Other than Small Businesses will be implored to make improvements in the awards to HUBZone and SDVOSB small business firms as required.

USAID Small Business Subcontracting Goal Achievement - FY 2019

Total Small Business Eligible Prime Dollars	\$721,133,699		
Contract Award Categories	Goals	Achieved	Expended
Small Business Contract Dollars	15.00%	20.2%	\$145,420,545
Small Disadvantaged Business	5.00%	5.3%	\$38,425,747
Women-owned Small Business	5.00%	5.0%	\$35,773,931
HUBZone Small Business	3.00%	0.7%	\$5,044,357
Service-Disabled Vet-Owned SB	3.00%	0.5%	\$3,958,232

Conclusion

The Congressional mandate to include overseas contract obligations, to count toward Agency goal achievement, continues to create a challenge even though the Agency met the FY19 small business prime and subcontracting goals. USAID's success in awarding \$808M to small business prime contractors is linked to domestic awards that equated to \$575M. USAID continues to make incremental improvements in overseas small business awards by navigating the obstacles attributed to the Foreign Assistance Act. In FY18, OSDDBU instituted a pilot "Mission Small Business Goaling (MSBG) Program" that encompassed approximately 15 Missions. The MSBG Program was expanded by an additional 16 Missions in FY19, which may be correlated to the increase in FY19 prime and subcontract awards. OSDDBU's objective is to ensure that every USAID Mission, that has an obligation budget of 5 million or more is included in the MSBG Program in FY20. Domestically, USAID continues to traverse hurdles in meeting the HUBZone and SDVOSB prime and subcontracting goals. However, the Agency is taking significant steps to increase HUBZone and SDVOSB small business opportunities via outreach and internal education efforts. The Agency's mission is challenging for many small business firms, especially when a firm may lack the experience and technical capacity to execute work in the overseas arena. However, USAID/OSDBU will continue to work to improve the shortfalls.
